

Application for a letter of support to attend Alpine Shire for the purpose of essential Fire Preparation

Under an exemption to the current Chief Health Officer (CHO) Directions, some Victorians will be allowed to travel to their property to undertake essential fire preparedness works.

Do not apply for this travel permit if you can engage a local contractor or business.

Property owners are strongly encouraged to use local contractors and businesses to prepare your property to avoid travelling, as per the government guidelines.

The information provided will be shared with Victoria Police and other agencies as required under the current restrictions.

If your application is accepted, you will be provided with a letter via email, allowing you to travel to the property stated for the sole reason indicated in the form below.

The letter is valid for 72 hours (this includes your travel time) for the purpose of preparing your property for fire and is single use only.

As a resident of metropolitan Melbourne, you are required to comply with Melbourne restrictions while in regional Victoria.

This means you will not be able to visit local businesses to purchase supplies, you should travel with the tools and equipment needed.

Please note: Council reserves the right to exercise discretion whether fire prevention work is required to be undertaken at the property.

If you have any questions, please contact Customer Service (03) 5755 0555.
