#### 1 RECORDING AND LIVESTREAMING OF COUNCIL MEETINGS

The CEO read the following statement:

All council meetings are filmed with both video and audio being recorded.

Video is focused on a specific area however audio from the entire room is captured.

By speaking during question time, or at any time during the meeting, you consent to your voice and any comments you make being recorded.

In common with all narrative during council meetings verbal responses to congratulations, obituaries and question time will not be recorded in the written minutes.

The reasoning behind recording council meetings is of course to hold us more accountable and improve transparency of council's decision making to our community.

The full meeting is being streamed live on Council's YouTube channel which is "Alpine Shire Council" and will also be available on the YouTube channel shortly after this meeting.

## 2 ACKNOWLEDGEMENT OF TRADITIONAL CUSTODIANS, AND RECOGNITION OF ALL PEOPLE

The CEO read the following statement:

The Alpine Shire Council acknowledges the traditional owners of the land we are now on.

We also acknowledge those people who have contributed to the rich fabric of our community and strive to make wise decisions that will improve the quality of life for all.

#### 3 CONFIRMATION OF MINUTES

#### 3.1 ORDINARY COUNCIL MEETING - M13 - 6 DECEMBER 2016

Cr Roper

Cr Nicholas

That the minutes of Ordinary Council Meeting M13 held on 6 December 2016 as circulated be confirmed

Carried

#### 3.2 SPECIAL COUNCIL MEETING - SPM14 - 20 DECEMBER 2016

Cr Roper

Cr Forsyth

That the minutes of Special Council Meeting M14 held on 20 December 2016 as circulated be confirmed.

Carried

## 4 APOLOGIES

Nil

## **5 OBITUARIES / CONGRATULATIONS**

Refer to Alpine Shire Council's website <u>www.alpineshire.vic.gov.au</u>; for its YouTube livestreaming recording.

## 6 DECLARATIONS BY COUNCILLORS OF CONFLICT OF INTEREST

Nil

## 7 QUESTION TIME

Questions on Notice will be limited to items on the Council Agenda.

Only two questions will be allowed per agenda items.

Questions on Notice can be written or from the floor and must relate to agenda items.

Refer to Alpine Shire Council's website <u>www.alpineshire.vic.gov.au</u>; for its YouTube livestreaming recording.

## 8 PRESENTATION OF REPORTS BY OFFICERS

## 8.1 CHIEF EXECUTIVE OFFICER – DAVE BARRY

## 8.1.1 Contracts approved by the CEO

Cr Roper

Cr Keeble

That the Contracts approved by the CEO be noted.

Contract No: CQ 16/037 Process: Request for Quotation

Title: Dinner Plain concrete repairs and pit lid replacement

Tenderer: Bright Concreting

\$ (inc. GST): \$59,048

Funding: Works funded by 2016/17 project budget.

Carried

## 8.1.2 Quarterly Report - Council Plan

File Number: SU600.03

#### INTRODUCTION

This report provides the second quarterly report against the Alpine Shire Council Plan 2013-2017 (review 2016).

Cr Nicholas

Cr Keeble

That the Alpine Shire Council Plan Quarterly Report ending 31 December 2016 be received and noted.

Carried

#### **BACKGROUND**

#### **Council Plan development**

The Alpine Shire Council Plan 2013–2017 was developed following the election of the Council in October 2012. The Council Plan outlines the strategic objectives and strategies that were used to achieve the Council's adopted direction for the four year term of the plan.

The Council Plan must be reviewed annually to determine if any adjustments are necessary. No adjustments were made in the 2016 review. The 2016/17 annual action plan specifies what activities Council will undertake during the year to fulfil the Council Plan.

A new Council Plan must be prepared following the 2016 Council Elections. This plan will commence in the 2017/18 financial year.

#### **ISSUES**

The annual action plan details the Council Plan commitments that have been budgeted in 2016/17, and it is the annual action plan that this quarterly report provides progress against.

#### **HIGHLIGHTS**

## **Inspired Community Leadership**

Council initiated response to the floods experienced in the Ovens Valley during
October. As well as operating a relief centre, Council's asset maintenance teams
monitored and reinstated assets damaged by the floods.

## **Enhancing the Environment and Liveability**

 Work on the Victorian Adaptation and Sustainability Partnership project has included showcase gardens, additional signage, and content for the website. The showcase gardens feature design and plant species that improve the resilience of those spaces to climate change impacts.

## **Strengthening the Community**

 The 'Engage' project has coordinated: Youth Awards run by a volunteer youth committee; entrepreneur guest speakers presenting to Alpine Shire secondary schools; 50 secondary students from across the Shire attending "Hallogen". The "Careers" day expo involving all schools and presentations by entrepreneurs will be delivered in Q3.

## **Prosperous Economy, Employment And Investment**

• The Spartan Trifecta event was delivered over the weekend of 26/27 November 2016. A total of 3,400 event registrations were received pre-event with another 250 occurring on the event weekend. This estimated economic value of this event for the Alpine Shire was \$2.3million.

#### **Performance Focused Organisation**

 Council continues to improve workflows and practices. This includes the current trialling of new software, as well as the purchase of new road maintenance plant and equipment.

#### **POLICY IMPLICATIONS**

The Council Plan is a specific requirement of the *Local Government Act 1989*, and is a guiding document for Council. While quarterly reporting against the Council Plan is not a specific requirement of the Act, Council has elected to continue to report to the community regarding its progress throughout the year.

The Council Plan, annual action plan and Budget identify and commit Council to the completion of specific initiatives each year.

## FINANCIAL AND RESOURCE IMPLICATIONS

The Strategic Resource Plan and annual Budget are developed and adopted to provide the finance and resources required for the programs and projects outlined and reported against in this quarterly Council Plan report.

## **CONSULTATION**

The Council Plan is subject to public exhibition each year prior to being adopted by Council. As part of the annual review of the Council Plan, any changes to the initiatives are also subject to public exhibition.

Many of the individual initiatives and activities included in the Council Plan are subject to their own community participation and consultation processes.

Council's annual Budget is also publicly exhibited and submissions called for prior to its consideration and adoption by Council.

#### **CONCLUSION**

This quarterly report shows that progress is being made on the delivery of key Council Plan Activities.

## **DECLARATION OF CONFLICT OF INTEREST**

Under Section 80C of the *Local Government Act 1989*, the following officers declare that they have no interests to disclose in providing this report:

Governance Officer

## **ATTACHMENT(S)**

• 8.1.2 Alpine Shire Council Quarterly Report - ending 31 December 2016.

## 8.1.3 Audit Committee Meeting Minutes – September and December 2016

File Number: 0900.06

#### INTRODUCTION

The purpose of this report is to present the minutes of the 6 September 2016 and 13 December 2016 Audit Committee meetings to Council.

Meeting held 6 September 2016

Key items presented to and considered by the Committee at this meeting were:

- 2015/16 Annual Financial Report (Draft);
- 2015/16 Annual Performance Statement;

Meeting held 13 December 2016

Key items presented to and considered by the Committee at this meeting were:

- · Cash handling and credit card internal audit;
- Audit Committee self-assessment;
- · Information technology update;
- Health and safety report;
- Victorian Auditor General's report on audit committee governance and IT financial systems

Cr Knappstein

Cr Roper

That:

- 1. The minutes of the 6 September 2016 Audit Committee meeting be received and noted.
- 2. The minutes of the 13 December 2016 Audit Committee meeting be received and noted.
- 3. The confidential 2016/2017 year to date 30 November 2016 Health and Safety Report be adopted.

Carried

## **BACKGROUND**

#### September 2016 meeting

External auditor

The Audit Committee met with Kathy Teasdale, Audit Partner, Richmond Sinnott Delahunty Pty Ltd to discuss the 2015/2016 year-end financial audit results, the performance statement and closing report.

2015/2016 Annual Financial Report

The Committee noted and endorsed the draft 2015/16 annual financial report for adoption in principle by Council.

#### Annual Performance Statement

The Committee endorsed in principle the 2015/16 annual performance statement for adoption by Council.

## **December 2016 meeting**

Cash handling and credit card internal audit

Council appointed Johnsons MME to undertake an audit to review, assess and test Council's internal control procedures over its:

- cash receipting functions to ensure that all cash is receipted, recorded and banked in accordance with Council's policies and procedures, and
- cash security and bank accounts to ensure cash is securely stored, banked and reconciled in a timely manner.

The audit was completed during November 2016.

The audit revealed that Council had robust processes in place for both cash handling and the use of credit cards and that the introduction of VEND point of sale system had improved off-site handling of cash.

#### Audit Committee self-assessment

The Audit Committee Charter requires the Committee to undertake an annual self-assessment survey. This process is important to ensure the Committee is fulfilling its responsibilities to Council and allows for members to identify any areas for improvement. The results of the annual self-assessment highlighted the Committee's satisfaction with its overall performance (100%), and the conduct of its meetings (100%) Noted areas for improvement included developing an internal audit program and improving risk management processes.

## Information technology (IT) update

The Committee was provided with an update of IT within the organisation including the infrastructure upgrade which took place in September 2016 and issues experienced during and post the upgrade.

Health and safety report - confidential

The Committee reviewed the 2016/17 year to date Health and Safety Report (Confidential). The first five months of the financial year saw health and safety event reporting consistent with previous years, a focus on mandatory training and review of designated work groups and health and safety representatives.

Victorian Auditor General's report on audit committee governance and IT financial systems

The Victorian Auditor General's office released two reports during 2016 relevant to Council's operations and that of the Audit Committee, the Financial Systems Controls Report 2015-16, November 2016 and Audit Committee Governance, August 2016 respectively.

An overview of Council's compliance with the Auditor General's recommendations was provided to the Committee with sound compliance in both instances.

#### **IMPLICATIONS**

Council complies with the following sections of the Local Government Act 1989:

- Section 139 requires Council to have an audit committee and act within the guidelines made by the minister for Audit Committees.
- Section 136 requires Council to implement the principles of sound financial management.

This report is consistent with the following strategic documents:

| Council Plan 2013-2017 (2016 Review)      |   |  |  |  |
|---|---|--|--|--|
| Theme 5: Performance Focused Organisation |   |  |  |  |
| Strategic Objective 5.2                   | To manage resources well to ensure sustainability |  |  |  |
| Strategic Objective 5.3                   | To support people and business practices          |  |  |  |
| Strategic Objective 5.4                   | To ensure a high standard of governance           |  |  |  |
| 2016/17 Budget                            |   |  |  |  |
| Section 2.5                               | Performance focused organisation                  |  |  |  |

#### **CONCLUSION**

The Audit Committee, being satisfied with the detail provided in the agenda and the officer reports, recommends Council adopt the detailed resolutions.

#### **DECLARATION OF CONFLICT OF INTEREST**

Under Section 80C of the *Local Government Act 1989*, the following officers declare that they have no interests to disclose in providing this report.

- Chief Executive Officer
- Manager Corporate (Acting)
- Health, Safety and Risk Officer

## **ATTACHMENT(S)**

- 8.1.3 (a) Audit Committee Meeting Minutes, 6 September 2016
- 8.1.3 (b) Audit Committee Meeting Minutes, 13 December 2016

#### 8.2 DIRECTOR ASSETS – CHARLIE BIRD

## 8.2.1 Contract 1608101 Civil Works - Alpine Events Park

File Number: 01780.87.00

#### **INTRODUCTION**

This report relates to the award of a Contract 1608101 - Civil Works at Pioneer Park as part of the Alpine Events Park project. This includes the delivery of underground infrastructure, internal trails, roads and parking.

Cr Roper

Cr Pearce

That Council award Contract Number 1608101 – Civil Works – Alpine Events Park to North East Civil Construction for the lump sum price of \$463,307 + GST subject to Crown Land Manager consent.

#### Carried

#### **BACKGROUND**

In May 2015, Council was awarded grant funding of \$1.87m from the Commonwealth Department of Infrastructure and Regional Development's National Stronger Regions Fund for the redevelopment of Pioneer Park into the Alpine Events Park (AEP). A further \$1.87m has been committed by Council bringing the total funding to \$3.74m.

The project will deliver a scalable outdoor precinct capable of hosting events large and small with the aim of increasing economic development in the region. The project is being delivered across four financial years, between 2015/16 and 2018/19.

The drainage, roads, parking and underground services form the civil works component of the project, which is the focus of this report. Detailed design was completed in November 2016, and the work was subsequently tendered.

The invitation to tender was advertised in the Alpine Observer and Border Mail on 14 December 2016, and on the Tenders.net and Alpine Shire Council websites.

The Tender documents were downloaded by 23 prospective Tenderers, and three submissions were received.

## **EVALUATION**

- The key selection criteria listed in the Invitation to Tender are:
- Price
- Qualifications and previous performance
- Delivery
- Social

The evaluation panel consisted of the Director Assets, Manager Asset Development, Manager Asset Maintenance, Engineering Coordinator and the Project Manager.

#### **ISSUES**

Pioneer Park Recreation Reserve is made up of a number of parcels of Crown land controlled by the Department of Environment, Land, Water and Planning (DELWP). Alpine Shire Council has been appointed as Committee of Management over these parcels of Crown land by DELWP. The approval of DELWP is required prior to the civil works commencing, and this approval is currently being sought.

#### **POLICY IMPLICATIONS**

The tender was advertised and evaluated according to Council's Procurement Policy.

This recommendation is in accordance with the following Strategic Objective of the Council Plan:

• 4.1 - To effectively plan and deliver strategic and major projects.

#### FINANCIAL AND RESOURCE IMPLICATIONS

The AEP project is jointly funded by Alpine Shire Council (\$1.87m) and the Commonwealth Department of Infrastructure and Regional Development's National Stronger Regions Fund (\$1.87m).

Including design costs, there is sufficient budget to deliver the scope of the civil works contract (underground infrastructure, internal trails, roads and parking).

#### **CONSULTATION**

A Community Working Group (CWG) was established at the commencement of the project, comprising representatives from each of the key groups utilising Pioneer Park. In collaboration between the CWG and Alpine Shire Council Project Team, a masterplan for the Alpine Events Park was completed in August 2016. The masterplan defined the location of the utility services, internal roads, footpath and car parking.

The draft masterplan was placed on public display for two weeks from 15 August 2016 to 29 August 2016, with copies displayed in the Council offices, Bright Library, on Council's website, and circulated to each member of the CWG.

Detailed civil engineering was progressed based upon the approved master plan, and copies of the civil engineering documents were made available to both the CWG and Project Team for comment prior to Tenders being issued.

During construction, access and use of the park will be interrupted. Feedback has been sought from all members of the CWG on their calendar of events planned in Pioneer Park, and a construction window for the civil works has been identified which aims to avoid major events, and minimise disruption to users of the park.

Consultation with user groups will continue throughout the delivery of the civil works.

## **CONCLUSION**

Following a comprehensive Tender evaluation assessment, interviews and reference checks, the Tender from North East Civil Construction is considered to present the best value option for Council.

## **DECLARATION OF CONFLICT OF INTEREST**

Under Section 80C of the *Local Government Act 1989*, the following officers declare that they have no interests to disclose in providing this report:

- Director Assets
- Manager Asset Development
- Manager Asset Maintenance
- Engineering Coordinator
- Project Manager

## ATTACHMENT(S)

Nil

#### 8.2.2 Petition - Alpine Better Places Bright

File Number: 1780.78

#### INTRODUCTION

This report is to inform Council and provide response to a petition tabled at the December 2016 Council Meeting in relation to the proposed works to be undertaken in the Mafeking Square Precinct under the Alpine Better Places project.

Cr Keeble Cr Nicholas

That Council:

1. Note the petition received from the community and the decision to proceed with the award of the primary works contract for the Mafeking Square Precinct.

Carried

#### **BACKGROUND**

A petition was tabled at the December 2016 Council meeting in relation to concerns from Bright town centre traders regarding the proposed works to occur in the Mafeking Square Precinct under the Alpine Better Places Project. The proponent was concerned about the award of the primary works contract at the December 2016 Council Meeting which would enable the project works to commence on site on Monday 30 January 2017.

The petition with 59 signatures was received 6 December 2016 with the wording:

Alpine Better Places Bright

Do you agree with the proposed changes to the Mafeking Square Precinct in their current form?

Of the 59 signatures received, all but one of the signatories wrote 'no'.

The proponent, as well as a number of the signatories, were present at the December 2016 Council Meeting. The proponent presented their concerns to Council which are summarised as follows:

- The process feels rushed and there has been no consultation received around the recent plans, which indicate the inclusion of the area west of Mafeking Square;
- The extent of the memorial should be constrained to the clock tower;
- Mafeking Square in its current form works well and the proposed changes will
  prevent the hosting of festivals and other events in the precinct; and
- The construction works will be disruptive to the town centre traders and require the removal of mature trees.

#### **ISSUES**

The redevelopment of Mafeking Square has been under consideration since 2001. From 2001 until 2012, various concepts were investigated and the community consulted, before Council adopted a Concept Plan for the precinct at the August 2012 Council Meeting. Documentation of these works was completed in 2012, however the project did not proceed at the time due to lack of funding.

In late 2014, Council commenced the Alpine Better Places Project which was undertaken as follows:

- Nov 2014 Alpine Better Places project commenced.
- March 2015 Our Town community workshops to determine priority projects (30 attended in Bright).
- June 2015 Day of Design community workshops (30 attended in Bright).
- Nov/Dec 2015 Draft detailed concept designs went on public exhibition for comment.
- 16 Dec 2015 Submissions closed. 14 formal submissions received resulting in minor changes to the plans.
- March 2016 The final Alpine Better Places detailed concept designs were adopted by Council.

The final detailed concept plan for the Mafeking Square Precinct was very similar to the concept adopted by Council in June 2012.

In July 2016 Council adopted a budget of \$1,475,000 to undertake the Mafeking Square Precinct works.

Documentation progressed for the works and through further consultation it was determined that the inclusion of Mafeking Square West was important, so that the entire precinct could be finished to a high standard. A concept for the newly included area was tabled at the July 2016 public information and drop-in session and feedback sought. Comments were then addressed and considered in the final documentation plans in preparation for tendering the works so that construction could commence Monday 30 January 2017.

If the primary works contract was not awarded in December 2016, the award of the contract would be delayed until the February 2017 Council meeting. This would push the works into the wet winter period which is not recommended. The works could commence in spring, however Bright hosts a great number of events during this period. Equally, summer is a busy event period and Bright's busiest tourist period. The most suitable window for construction would therefore be the following autumn in 2018.

Bright's war memorial, known as Mafeking Square includes the clock tower and immediate surrounds and is defined by the existing outer ring of bollards. This area was recently included on the Alpine Shire's Schedule to the Heritage Overlay as a listed heritage place with local significance.

Although Mafeking Square is a useful space for events and markets, The square is very open and exposed, with no seating, shade or protection from the sun and surrounding vehicles. The inclusion of seating walls, low planting and trees will provide this space with shade and protection from vehicles and encourage people to use this space during non-event times. The walls, in combination with removable bollards, will also protect the space from unauthorised access. The Bright RSL Subbranch has stated that they object to the hosting of commercial events on the Square, however they do not object to community events being held. In recognition of the loss of existing event space on the square itself, Council has ensured that the new open space in front of the Uniting Church remain open and unencumbered, enabling it to host events once completed.

The construction works will be disruptive to all business owners and visitors to the town centre. Council Officers have considered this carefully in the assessment of tender submissions. It is proposed that the works period be as short as possible and also be staged. Night road works will be undertaken wherever possible and reasonable under the contract. This will reduce the time period of disturbance, as well as stagger the disruption across the precinct. Council Officers and the contractor will also continue to work with individual business owners to understand each business' unique requirements.

Council highly values mature trees and recognise that they are important assets which contribute significantly to the Shire. We consider any tree removal very carefully before proceeding as we understand that the amenity they provide takes many years to regain. Unfortunately the removal of four trees is required to enable the realignment of Ireland Street and the installation of stormwater drainage. Twelve semi-advanced trees will be re-planted in the precinct. The replacement stock will be the largest we can source and all will be in excess of three metres tall.

#### **POLICY IMPLICATIONS**

Nil

#### FINANCIAL AND RESOURCE IMPLICATIONS

In June 2016, Council adopted a total budget of \$1,475,000 to implement the Bright (Stage 1 - Mafeking Square Precinct) works. Council has also entered into a funding agreement with the Victorian State Government, valued at \$500,000, for the implementation of these works. The funding agreement obliges Council to commence these works in early 2017.

If the works did not commence Monday 30 January 2017 then the adopted budget could not be expended in the 2016/17 financial year. Council would also be required to negotiate a variation to the funding agreement with the State Government. This would create a poor perception of Council's ability to deliver projects and place it in risk of receiving funding for future projects.

#### CONSULTATION

Council has consulted extensively with internal and external stakeholders, all relevant authorities and the community on the development of the Alpine Better Places detailed concept plans.

Throughout the detailed design and documentation phase Council has continued to engage with all stakeholders, as well as the broader community. Questionnaires have been distributed to all directly impacted stakeholders, drop-in and information sessions have been held and project updates distributed via email and on Council's website and Facebook page. The implementation of the project stakeholder and communication plan will continue throughout the duration of the project.

#### **CONCLUSION**

Consultation regarding the upgrade of the Mafeking Square Precinct commenced in 2001 and has been exhaustive in recent years. The works proposed to be implemented under the primary works contract are largely consistent with those adopted by Council in June 2012. The existing space in the Square currently used for events, will be replaced by the open space area proposed in front of the Uniting Church on the west side of Ireland Street. Council has chosen the autumn period for construction to avoid the wet weather as well as the peak tourism and event period in Bright. This will minimise the construction period and the disruption to the town centre.

At the December 2016 Council meeting, Councillors awarded the primary works contract taking into consideration the concerns raised by the petition proponent and other petition signatories, the extensive consultation undertaken and funding from the State Government.

#### **DECLARATION OF CONFLICT OF INTEREST**

Under Section 80C of the *Local Government Act 1989*, the following officers declare that they have no interests to disclose in providing this report.

- Director Assets
- Project Officer

#### 9 ASSEMBLY OF COUNCILLORS

## **INTRODUCTION**

Section 80A of the *Local Government Act 1989* requires a written record of Assemblies of Councillors to be reported at an ordinary meeting of the Council and to be incorporated in the minutes of the Council meeting.

Cr Roper

Cr Nicholas

That the summary of the Assemblies of Councillor for December 2016 be received.

Carried

## **BACKGROUND**

The written records of the assemblies held during the previous month are summarised below. Detailed assembly records can be found in Attachment 9.0 to this report.

| Date        | Meeting          |
|-------------|------------------|
| 6 December  | Briefing Session |
| 20 December | Briefing Session |

## **ATTACHMENT(S)**

#### 1 RECORDING AND LIVESTREAMING OF COUNCIL MEETINGS

*The CEO read the following statement:* 

All council meetings are filmed with both video and audio being recorded.

Video is focused on a specific area however audio from the entire room is captured.

By speaking during question time, or at any time during the meeting, you consent to your voice and any comments you make being recorded.

In common with all narrative during council meetings verbal responses to congratulations, obituaries and question time will not be recorded in the written minutes.

The reasoning behind recording council meetings is of course to hold us more accountable and improve transparency of council's decision making to our community.

The full meeting is being streamed live on Council's YouTube channel which is "Alpine Shire Council" and will also be available on the YouTube channel shortly after this meeting.

# 2 ACKNOWLEDGEMENT OF TRADITIONAL CUSTODIANS, AND RECOGNITION OF ALL PEOPLE

The CEO read the following statement:

The Alpine Shire Council acknowledges the traditional owners of the land we are now on.

We also acknowledge those people who have contributed to the rich fabric of our community and strive to make wise decisions that will improve the quality of life for all.

#### **5.1.1** Councillor Code of Conduct

File Number: 640.09

#### **INTRODUCTION**

Section 76C(2) of the *Local Government Act 1989* requires councils to call a special meeting solely for the purpose of reviewing the Councillor Code of Conduct, within four months after the date of the general election.

Cr Knappstein Cr Nicholas

That Council: -

- 1. adopt the Councillor Code of Conduct (version 5), noting that no amendments have been made as part of this review;
- 2. sign and seal the Councillor Code of Conduct at the appropriate stage of this meeting;
- 3. ensure that all councillors sign the declaration within one month of its adoption stating that they will abide by the Councillor Code of Conduct.

Carried

#### **BACKGROUND**

Development of a Councillor Code of Conduct (the 'Code') is a requirement of section 76C of the *Local Government Act 1989* (the 'Act').

Key updates were made to the Councillor Code of Conduct on 28 June 2016. The major change was the inclusion of an internal resolution procedure utilising an independent arbiter to deal with an alleged contravention of the Code.

All councillors were required to sign a declaration stating that they will abide by the Councillor Code of Conduct at the time of taking their Oath of Office in November 2016.

Section 76C(2) requires all councils to hold a special council meeting solely for the purpose of reviewing and approving any amendments to the Code, within the period of four months of each general election - i.e. prior to 22 February 2017.

#### **ISSUES**

This review of the Councillor Code of Conduct has determined that it currently meets all requirements of the Local Government Act, and does not require any modifications or additions from a legislative perspective. Councillors have indicated that they are comfortable with the current content, and have not requested any modifications to the document.

Following the review and adoption of the Code, all councillors must sign a further declaration stating that they will abide by this version of the Code. This declaration must be made within a period of one month of the adoption of the Code - i.e. prior to 7 March 2017. The declaration must be made in writing, and witnessed by the Chief Executive Officer. Provision has been made within the Code for the signatures of all councillors to be included in the adopted copy of the document.

#### **POLICY IMPLICATIONS**

Undertaking the review and subsequent adoption of the Councillor Code of Conduct within four months after the general elections, ensures that Council is complying with the requirements of the *Local Government Act 1989*. Section 76C(6A) requires all councillors to sign a declaration stating that they will abide by the Code, within one month of amendments to the Code being approved. The penalty for not making the declaration is disqualification as a councillor under section 29(1)(ea) of the Act.

#### FINANCIAL AND RESOURCE IMPLICATIONS

There were no financial costs to undertake the review of the Code.

#### **CONSULTATION**

Councillors were consulted to determine whether they had any issues with, or required any modifications to, the Code as signed during their Oath of Office. No modifications were requested.

#### **CONCLUSION**

Council must now consider the Councillor Code of Conduct in accordance with section 76C of the Act, and ensure that each councillor signs a declaration stating that they will abide by the Code, within one month of the date of adoption.

#### **DECLARATION OF CONFLICT OF INTEREST**

Under Section 80C of the *Local Government Act 1989*, the following officers declare that they have no interests to disclose in providing this report.

- Chief Executive Officer
- Governance Officer

## Introduction

The Alpine Shire Council general election was held on 22 October 2016 by postal voting.

The election was conducted by the Victorian Electoral Commission (**VEC**), as the statutory election service provider to Alpine Shire Council in accordance with clause 1 of Schedule 2 of the *Local Government Act 1989* (**the LG Act**).

#### **About the Victorian Electoral Commission**

The VEC is an independent and impartial statutory authority established under the *Electoral Act 2002* (the Electoral Act). The VEC conducts Victorian State elections, local government elections, certain statutory elections, commercial and community elections, conducts boundary reviews, electoral representation and subdivision reviews, and maintains the Victorian electoral enrolment register. The VEC's electoral education and research programs work to engage and inform all Victorians who are entitled to enrol and vote in the democratic process.

The Electoral Commissioner is Warwick Gately AM and the Deputy Electoral Commissioner is Liz Williams. The Commissioner reports to the Victorian Parliament in relation to the VEC's activities.

The Commissioner and Deputy are assisted by an Executive Management Group to deliver the functions of the VEC. The Local Government Program Manager, Keegan Bartlett, oversees the VEC's local government electoral activity and chairs the Planning Group, comprised of activity and project leads from across the organisation. The Executive Management and Planning Groups jointly met each weekday morning for the duration of the 2016 local government elections timeline.

#### **About Alpine Shire Council**

Alpine Shire Council is comprised of seven councillors elected from an unsubdivided municipality. The structure was last reviewed through an electoral representation review in 2015. The next scheduled review of Alpine Shire Council is required before the 2028 local government elections.

**Figure 1** shows the electoral structure of Alpine Shire Council.

**Figure 1.** The electoral structure of Alpine Shire Council at the general election held on 22 October 2016.

#### **Key changes**

#### Changes in legislation

The electoral provisions in the LG Act were amended in 2015 to clarify responsibilities for preparing and conducting local government elections, strengthen provisions in relation to the eligibility of candidates, and consider the powers of the Returning Officer. In July 2016, the Victorian Government also made the new Local Government (Electoral) Regulations 2016 (the Regulations) to come into effect in time for the 2016 local government elections.

#### Extended postal vote receipt period

The Regulations provided an extended period for postal votes to be received and accepted by the Returning Officer during the week after Election Day. This changed the VEC's timeline for completing the counting of ballot papers and the availability of results for all contested elections.

## Introduction of the candidate questionnaire

The Regulations also introduced a set of prescribed questions that candidates were invited to answer through the candidate questionnaire.

#### Changes to indication of preferences

In August 2016, the Legislative Council disallowed Regulation 38 of the Regulations. This removed the opportunity for candidates at elections held by postal voting to lodge an indication of preferences for inclusion in the ballot pack mailed to voters.

## **Election timeline**

| Deadline fixed by the Registrar for council primary enrolment data                  |
|---|
| Entitlement date  |
| Opening of the election office to the public  |
| Certification of the voters' roll and opening of nominations                        |
| Close of nominations  |
| Ballot draw From 1.00 pm on Tuesday 20 September 2016                               |
| Deadline for lodging candidate statements, photographs and candidate questionnaires |
| General mail out of ballot packs to voters  |
| Close of voting 6.00 pm on Friday 21 October 2016                                   |
| Election day  |
| Close of the extended postal vote receipt period                                    |
| Declaration of the election   |

Bordered dates relate to contested elections only.

#### Voters' roll

The VEC prepared the Alpine Shire Council voters' roll for the general election under section 8(2)(c) of the Electoral Act and in accordance with section 24 of the LG Act. Pursuant to section 24(6) of the LG Act, the Registrar, Melanie Davidson, certified the voters' roll on 15 September 2016.

The certified voters' roll for the 2016 Alpine Shire Council general election included 11,821 enrolled voters.

#### Composition of the roll

The LG Act specifies that the voters' roll for a local government election is formed by combining two separate lists of voters:

 The Victorian Electoral Commissioner's (EC's) List of State electors.

The EC's List made up 79.38 percent of the Alpine Shire Council voters' roll.

2. The Chief Executive Officer's (CEO's) List of council-entitled voters.

The CEO's List made up 20.62 percent of the Alpine Shire Council voters' roll.

Refer to **Appendix 1** for a further breakdown of the Alpine Shire Council general election voters' roll.

#### Amendments to the voters' roll

In accordance with section 24A of the LG Act, the Registrar was able to amend any error in the preparation, printing or copying of the voters' roll, or correct any misnomer or inaccurate description of any person, place or thing on the voters' roll. If the amendment relates to a CEO's List voter, the Registrar must obtain the approval of the Council's Chief Executive Officer.

The Registrar made one amendment to the Alpine Shire Council voters' roll.

## Advertising and communication

#### Advertising

The VEC published a series of statutory notices in relation to the Alpine Shire Council general election. These notices are required by the LG Act and contain critical information relevant to each point of the election timeline. Refer to **Appendix 2** for further information in relation to the statutory advertising.

A statewide advertising campaign complemented the statutory advertising. The campaign concentrated on maximising the promotion of local government elections across the key areas of enrolment and voting. Coverage included major metropolitan and regional newspapers, metropolitan and regional radio, ethnic print and radio media, and social media.

The VEC also ran interactive advertisements on Facebook. These advertisements targeted geographic areas as well as demographic segments of the population that typically have low participation rates. In addition, Google search advertising was used to direct enquiries to VEC information online.

#### Accommodating voters with special needs

The VEC worked with a number of partners to provide suitable communication services for blind and low vision voters, voters with disability, and culturally and linguistically diverse voters.

#### Blind and low vision services

The VEC worked with Vision Australia and Blind Citizens Australia to provide election information to blind and low vision voters. This included making large print and audio files available for download, 'BrowseAloud' functionality of the VEC website, and assisted reading equipment at all attendance election offices and the Melbourne City Council election office. Braille and large print ballot material was also available on request.

#### Interpreting services

In addition to in-language information presented through ethnic print and radio media as part of the statewide advertising campaign, the VEC engaged the Victorian Interpreting and Language Services' Language Link to provide a telephone interpreting service for multi-language telephone enquiries. The VEC advertised direct lines for 20 languages other than English and a general line for all other languages.

#### Media liaison

The VEC's media liaison program principally featured staged media releases aimed to highlight key milestones during the election timetable and capitalise on existing general news coverage. More information on the VEC's media release schedule is available at **Appendix 3**.

Two media briefing sessions were held for media outlets from across Victoria; an in-person media

briefing was held on 1 August 2016 and an online webinar media briefing was held on 3 August 2016. The webinar was also accessible to council officers and could be downloaded or accessed at a later time for those who were unable to participate live. The media briefing summarised the planning and timeline for the 2016 local government elections, and also provided a specific update in relation to the availability of election results in light of the extended postal vote receipt period introduced to the Regulations.

Media outlets were provided with a media information booklet that outlined the election timeline and key messages, and provided the VEC's head office media contacts. The VEC's communication team supported each Returning Officer as the primary media spokesperson in relation to each election.

#### Telephone enquiry service

The VEC operated a local telephone enquiry service at the election office from 14 September 2016 until the close of voting at 6.00 pm on 21 October 2016. The types of calls related to:

- voting entitlements and obligations
- · enrolment questions
- ballot pack had not been received
- ballot material was spoilt or destroyed, so replacement ballot material was required
- a voter advising that he or she was overseas or interstate, and
- queries regarding the content of the ballot pack.

The telephone enquiry service was supplemented by an overflow call centre at the VEC's head office. The overflow call centre received calls made directly to the VEC's head office line (131 VEC or 131 832) and diverted calls from the election office when the lines were at capacity.

A breakdown of the daily number of calls received by the telephone enquiry service and the overflow call centre in respect to the Alpine Shire Council general election is available at **Appendix 4**.

### **Returning Officer**

The VEC maintains a pool of trained senior election officials located across the State to fill election management roles that occur for State and local government elections. Additional election-specific training is provided to relevant senior election

officials prior to each election management appointment.

In accordance with section 3 of the LG Act, the Electoral Commissioner appointed Andrew Robertson as the Returning Officer for the Alpine Shire Council general election. Lynne Tickell was appointed as the Deputy Returning Officer for the election.

#### **Election office**

The Returning Officer established an election office at Shop 2, 4 Ireland Street, Bright. The election office was leased by the VEC.

The election office was open to the public from 14 September 2016 until 21 October 2016. The election office was open 9.00 am to 5.00 pm weekdays, except on public holidays. Opening hours were extended on 20 October 2016 (9.00 am to 8.00 pm) and 21 October 2016 (9.00 am to 6.00 pm) to allow for last minute voting enquiries.

#### **Candidates**

Nominations for the election opened at 9.00 am on 15 September 2016 and closed at 12 noon on 20 September 2016. Nomination forms were required to be lodged by candidates in person at the election office. A \$250 nomination fee applied.

#### Information for candidates

Candidates were able to access the VEC's information about the process of nominating and becoming a candidate for the election from 8 August 2016, when the VEC's Candidate Handbook was published online. From early September, candidates were able to access a candidate information kit, which included the Candidate Handbook, as well as a number of other relevant forms and documents.

The Returning Officer conducted one information session. Approximately 12 attended the session. The presentation at the session summarised critical aspects of the *Candidate Handbook* and the election timeline.

#### Candidates in the election

The election involved a total of 13 candidates.

A ballot draw was held shortly after the close of nominations on 20 September 2016 to determine the order of candidates' names on the ballot paper (see **Appendix 5**).

Further information about the candidates, including candidate statements and photographs (where lodged), is available at **Appendix 6**.

#### Candidate questionnaire

In addition to a statement and photograph, candidates were able to lodge their answers to a set of prescribed questions in accordance with the Regulations. The Returning Officer accepted questionnaire submissions lodged by 13 of 13 candidates at the election.

Voters could access candidates' answers to the candidate questionnaire through the VEC website, or by requesting a hardcopy from the Returning Officer.

#### Voting

#### **Early votes**

The Returning Officer may issue an early vote upon request by an enrolled voter if the request is reasonable. Requests for early votes could be processed from 21 September 2016, the day after nominations closed, until the general mail out. Due to the timing for early votes, some early voters may not have had access to the candidates' statements, photographs, or candidate questionnaires.

The Returning Officer issued 17 early votes.

#### General mail out

The VEC mailed out 11,822 ballot packs between 4 October 2016 and 6 October 2016. This included three ballot packs that were redirected to alternative addresses by voters that had applied to redirect their ballot pack before 15 September 2016.

In accordance with the Regulations, no more than 35 percent of ballot packs were mailed out on any one day during the mail out period. All ballot packs were mailed out using Australia Post's priority paid service

Refer to **Appendix 7** for a daily breakdown of the ballot packs mailed out on each day during the general mail out.

Following the general mail out, the Returning Officer also issued 124 replacement ballot packs to enrolled voters that advised they had not received, destroyed, or spoilt their general mail out ballot pack.

#### Unenrolled declaration votes

Unenrolled declaration votes were issued to persons that did not receive a ballot pack and whose name could not be found on the voters' roll and who believed that they were entitled to be enrolled for the election. The unenrolled ballot pack includes a declaration that was required to be completed by the person to be assessed by the Returning Officer prior to admitting the ballot pack for counting.

The Returning Officer issued two unenrolled declaration votes and neither were admitted to the count.

#### Return of ballot paper envelopes

Completed ballot paper envelopes returned inside the reply-paid envelopes were returned using Australia Post's priority paid service. The VEC's arrangements with Australia Post allowed returned mail to be pre-sorted and could be collected by the Returning Officer or delivered to the election office from a nearby postal facility or distribution centre.

The Returning Officer received 7,551 returned ballot paper envelopes through the post by the close of voting at 6.00 pm on 21 October 2016.

For the 2016 local government elections, the Regulations allowed for the Returning Officer to admit returned ballot paper envelopes received by post before 12 noon on 28 October 2016 if satisfied that the vote had been posted prior to the close of voting. The Returning Officer received 1,659 returned ballot paper envelopes during the extended postal vote receipt period.

In total, the Returning Officer admitted 9,042 ballot paper envelopes to the extraction and counting process. Any ballot paper envelopes not signed by the voter or, in the case of unenrolled declaration votes, where an entitlement was not found for the person, were set aside and not admitted to the extraction and count.

By the close of voting, 133 ballot packs had been returned to the Returning Officer as return-to-sender mail. Most of this mail was due to the addressee having left the address.

#### Results

#### **Extraction**

Following the close of voting, the extraction of ballot papers occurred at the election office beginning on

24 October 2016. The extraction of all admitted ballot paper envelopes was completed on 28 October 2016, following the end of the extended postal vote receipt period. The extraction process involved separating the declaration flaps containing the voter's details from each admitted ballot paper envelope, and then extracting the contents from the envelopes. This two-stage process maintains anonymity and ensures the number of envelopes is tracked for ongoing reconciliation.

Any returned ballot paper envelopes found not to contain a regulation ballot paper or contained more than one ballot paper were required to be rejected and could not be counted. There were 17 returned ballot paper envelopes rejected during the extraction activity.

Following the extraction of ballot papers from the returned ballot paper envelopes, a total of 9,042 were submitted for counting.

#### Counting

#### Computer count

Ballot papers for the election were counted by computer data entry using the VEC's computer counting application at Bright Secondary College, Park Street, Bright. The application distributes preferences using the proportional representation method once data entry of ballot paper preferences is complete. The Returning Officer invited candidates and their scrutineers to attend an information session on the computer count process, which was held at 6.00 pm on 20 October 2016 in the Council Chamber, Alpine Shire Council, Great Alpine Road, Bright.

Following the completion of data entry, the provisional results were calculated at 5.00 pm on 29 October 2016 at the election office. The provisional results were published to the VEC website as they became available.

For a breakdown of the results {by ward}, refer to **Appendix 8**.

#### **Declaration of results**

The results of the 2016 Alpine Shire Council general election were declared at 10.00 am on 31 October 2016 at the Council Chambers, Alpine Shire Council, Great Alpine Road, Bright.

The VEC website was updated following the declaration to reflect the elected candidates from the election.

#### **Election statistics**

#### **Turnout**

As a percentage of the total enrolment for the 2016 Alpine Shire Council general election, the number of ballot papers counted (formal and informal) was 76.33 percent. This is compared with an average turnout of 75.67 percent for all postal elections across the State at the 2016 local government elections (excluding Melbourne City Council). Alpine Shire Council recorded a turnout of 75.64 percent at its last general election in October 2012.

Refer to **Appendix 9** for further information on turnout, including a breakdown by enrolment category.

#### Informality

The informal vote recorded at the 2016 Alpine Shire Council general election was 5.45 percent, compared with 6.06 percent for all postal elections across the State at the 2016 local government elections. Alpine Shire Council recorded an informal rate of 3.93 percent at its last general election in October 2012.

#### **Complaints**

#### **Type of Complaints**

At local government elections, complaints generally fall into two broad categories:

- The conduct of participants in the election.
   Complaints about the conduct of candidates and other participants in the election, at times alleging a breach of the LG Act or local laws.
- The administration of the election. Complaints about the conduct of the election and services to voters.

The majority of complaints at the 2016 local government elections were related to category one, often where the complainant alleged inappropriate or illegal action by another person or group associated with the election.

#### Complaints process

The VEC operated a streamlined complaints process that had been developed in consultation with local councils and enforcement agencies. The process required complaints to be lodged, in writing, and was processed through the VEC's head office in Melbourne.

Alpine Shire Council

Each complaint was evaluated and an appropriate course of action was determined. Complaints alleging a breach of the LG Act, for example, were forwarded to the Local Government Investigations and Compliance Inspectorate. Complaints about the VEC's services or the behaviour or actions of VEC staff and election officials were the responsibility of the VEC. In these cases, the VEC investigated the matter and determined the most appropriate response.

#### Complaints received

The VEC received 3 written complaints in relation to the 2016 Alpine Shire Council general election. One complaint was in relation to the administration of the election and the other two were related to the conduct of a participant in the election.

#### Post-election activities

#### Storage of election material

All records from the election are required to be kept by the VEC safely and secretly in accordance with Regulation 117 of the Regulations.

#### Refund of nomination fee

Nomination fees were refunded to eligible candidates in December 2016. Eligible candidates included those who were elected or who received at least four percent of the first preference vote. Any forfeited nomination fees were remitted to Alpine Shire Council in December 2016.

#### **Courts and tribunals**

There were no applications to the Municipal Electoral Tribunal disputing the results of the 2016 Alpine Shire Council general election.

#### Non-voter follow up

In accordance with Division 7 of Part 3 of the LG Act, the VEC has commenced its compulsory voting enforcement following the 2016 local government elections. Any person who was required to vote at the 2016 Alpine Shire Council general election and failed to vote will be issued with an apparent failure-to-vote notice. A person who does not respond to that notice or does not provide a satisfactory response to the notice may be fined.

Following the conclusion of the notices, the VEC will lodge the file of any remaining non-voters with the Infringements Court. A non-voter who is issued with

a notice may also request for the matter to proceed directly to court.

#### **Evaluating the VEC's services**

The VEC is committed to providing high quality election services to its local government clients. Through the VEC's formal feedback and debriefing program, the VEC is able to gauge its performance and seek advice for future local government election projects.

#### Feedback from Alpine Shire Council

Through its contact officer at Alpine Shire Council, the VEC has invited feedback on its services. Further feedback may also be provided to the Local Government Program Manager by emailing LGProgram@vec.vic.gov.au.

#### Internal debriefing activity

The VEC has commenced its internal debriefing activity following the 2016 local government elections.

In due course, the VEC will publish a consolidated report on its performance and key statistics from the elections. A copy of this report will be forwarded to Alpine Shire Council.

## Schedule 1: Record of ballot papers

| Alpine Shire Council election  |       |        |
|--------------------------------|-------|--------|
| Ballot papers printed          |       |        |
| Victorian Electoral Commission |       | 15,000 |
| Returning Officer              |       | 20     |
|                                | Total | 15,020 |
|                                |       |        |

#### Appendix 2.1: Notice of entitlement for Alpine Shire Council

## Alpine Shire Council election Your Council, Your Vote

## You must be enrolled to vote

An election will be held for Alpine Shire Council in October 2016.

To be able to vote, you must be enrolled by 4.00 pm on Friday 26 August 2016.

#### Am I enrolled to vote?

You are already enrolled for this election

- you will be 18 years of age or over on 22 October 2016 AND
- you live in Alpine Shire AND
- you are on the State electoral roll for your present address.

you own a property within Alpine Shire but don't live in the municipality.

You may also be enrolled to vote for this election if you pay rates for a residence or corporation within Alpine Shire. If you enrolled directly with Alpine Shire Council for a previous election you will need to renew your application if you wish to be enrolled for this election.

#### How can I check my enrolment?

If you are an Australian citizen you can check your enrolment details at vec.vic.gov.au at any time, or call 1300 805 478.

If you have any other voting entitlement, contact the council on (03) 5755 0555.

#### How do I enrol?

You must enrol by 4.00 pm on Friday 26 August if you are an Australian citizen, living in Victoria, aged 18 or over on 22 October 2016, and:

- you are not on the State electoral roll
- you have lived at your present residential address for at least a month and have not updated your enrolment

Complete an enrolment form online at vec.vic.gov.au or pick one up at any post office or Australian Electoral Commission office and return it to the Victorian Electoral Commission by 4.00 pm on Friday 26 August.

If you are not on the roll for this election, but you do pay rates in Alpine Shire, you may be eligible to apply to be enrolled with council. Please contact the council on (03) 5755 0555 for more information.

Enrol before 4.00 pm Friday 26 August 2016

## Alpine Shire Council election Your Council, Your Vote

#### Vote by post this October

#### Voting

Ballot packs will be mailed to voters enrolled in the Alpine Shire Council election from Tuesday 4 October 2016. Your completed ballot material must be in the mail or hand delivered to the Returning Officer by 6.00 pm on Friday 21 October.

#### If you will be away

If you will be away when ballot packs are mailed, or your address has changed since Friday 26 August, your ballot pack can be redirected by writing to:

**Returning Officer** Alpine Shire Council election c/- Victorian Electoral Commission Level 11, 530 Collins Street Melbourne VIC 3000

Please include the address for redirection.

Alternatively, you can fax your request to (03) 9620 1568 or scan and email it to redirections@vec.vic.gov.au. Each voter requesting redirection must sign their request. Requests for redirection must be received by Thursday 15 September.

#### Large print and braille ballot papers

Large print or braille ballot papers are available for blind and low vision voters who register by Tuesday 13 September. To register, call (03) 8620 1122 during business hours.

#### How to nominate as a candidate

To nominate as a candidate you must complete a nomination form and lodge it, together with the \$250 nomination fee, in person with the Returning Officer. Nomination forms can be lodged during business hours from Thursday 15 September until 12 noon on Tuesday 20 September at:

Shop 2, 4 Ireland Street, Bright

To help reduce waiting time while nominations are processed, visit vec.vic.gov.au and pre-complete your nomination form using the Candidate Helper. The Candidate Helper will be available from

Thursday 1 September. Print your pre-completed form, sign it and lodge it with the Returning Officer along with the \$250 nomination fee.

Call the Returning Officer from Wednesday 14 September on 1300 596 041 to make a nomination appointment.

#### **Candidate information session**

When: 7.00 pm on Tuesday 13 September Where: Alpine Shire Council Offices, Great Alpine Road, Bright

Candidate Information Kits containing nomination forms and other electoral information will be available at this session.

#### Andrew Robertson Returning Officer

#### Nominations close 12 noon Tuesday 20 September

VACCARO, Mario

We are so lucky to live in one of the most beautiful places on earth. The surrounding mountains and valleys provide one arth. The surrounding mountains and valeisy provide us such a wonderful pannama and great feeling of place. I have lived here at Wandiligong for most of my life. I have raised 4 children Dais y, Aaron, Harry and William. I have worked with children for many years in junior football and cricket and worked at the Bright P12 School as Coordinator of after school and vacation care also Lab Tech and other roles. In my last term I worked to support people having difficulties with council involving permits people having difficulties with council involving permits and other issues where they did not seem to be heard. Together with council we have made strong decisions to prepare for the tough fiscal times ahead. Asking the CEO to redirect \$49M of spending. In the last 2 year council cars cut back from 22 to 5 also reduction of administrative staff. Our rate rise dropped down to 2.3% being the lowest in the State. I ask for your support for another term. Thank You.

Brian is an advocate of accountable, transparent governance. His focus will be on small business governance. His focus will be on small business development, and the improvement of youth and aged residents' services. Having spent five years working in local government during the Council amalgamations of the mid-1990's, Brian has an appreciation of Shire operations. And several of his political associates from that period now have serior roles in State Government. Brian's experience has shown that clear direction and strong leadership are key elements in productive governance. He has applied his team-building and leadership skills to provide professional services training and marketing advice to leading Autralian law and accountancy firms and financial institutions Brian's early background includes dairy-farming and he later studied biology, animal husbandry, psychology, finance, business management, drama, and film and television at tertiary level. Positions of responsibility include media advisor to local and federal politicians; CEO of an environment body (EIANZ); membership of the Australian Superannuation Funds of Australia (ASPA), Investment Committee; and a Director of the Public Relations Institute of Australia (PRIA). Brian decides matters on their merits, and takes an ethical and respectful stance. He is approachable and looks forward to being of service to Alpine Shire residents.

Dear Voter, having lived in Myrtleford for over 50 years, makes me well-aware of the many hundles we face. I am committed to representing the entire Shire without fear or favor; thus ensuring that we receive best value for dollars spent. My experience in Tourism, Aged care, Social dub organizations such as the North Eastern Socce league, the Savoy Club, the football dub, and many others; having been a Councillor from 2005-8; and my Business badground; will enable me to best represent your interests and be your voice on Council. As your Councillor, I will actively seek to improve Tourism activity, Safer roads infrastructure through traffic abatement, and decentralization of Population and Industry initiatives. I will also carrivas for better representation for the Dinner Plain community. Eliminating Black Spot areas on the makes me well-aware of the many hurdles we face. I Plain community. Eliminating Black Spot areas on the great Alpine road, Yadkandandah rd and the Kiewa Valley hwy; and saving the iconic Mt Buffalo Chalet are also high on my list of priorities. My contact details are mob 0405926068, e-mail manyacpc@yahoo.com.au. I humbly seek your support, so that together we can make a real difference. Please Vote 1-Vaccaro, or allocate your best preference. Thank You.

JANAS, Ron

The Alpine Shire is a wonderful place to live, work and play and as a Gondillor I will contribute to enriching these qualities and to fostering an efficiert, effective, responsive coundi. During the 19 years I have been resident in Wandliligong I have enjoyed involvement in local community groups; sporting organizations, Landcare, kindergarten and schools. As the mother of two school age children I am keen to see opportunities for youth championed. As the daughter of an elderly mother I understand the needs of our aging population. As a partner I have supported my husband run small businesses. I have a Masters in Environmental Law, Management and Business and a Bachelor of Agricultural Science which I use for my day job as a land management consultant. I have experience in farming, forestry, Landcare, catchment and water management, youth training and tourism. I have served as Chair of a board and on various committees which required listening to people affected by decisions made, seeking best outcomes for communities and ensuring value for money, My family and I love skiing and I have worked seasonally at Mt Hotham for over 30 years. My other passions include cyding, bush-walking, gardening and sustainable living.

The Alpine Shire is a faritastic place to live and work. In order to maintain the natural beauty, splendid vistas and heritage it is important for Local Government to be mindful of the funding constraints that apply to a small Shire such as ours and the requirements of advancing business and industry in the Shire. Agriculture has been our mainstay for many years and whilst it still plays a major role with cattle, hope, grapes and timber, tourism is now impacting on all aspects of life in the Shire. Council has a role in negotiating between the requirements of these various groups to oreate acceptable and lasting outcomes. The 2016 council that you elect will oversee many changes over the next 4 years and will have to deal with funding outs. Sate Government interventions in planning, possible Federal Government intervention in mork practices and above all eles, work and function as a team. Choose wisely and make your vote count so that the Alpine Shire can continue to grow and be the place you wish to live.

I have been privileged to reside, raise a family and work within the Alpine Shire for the past twenty seven years. For the last four years I have worked tirelessly as an Alpine Shire coundlor ensuring fiscal viability and operational efficiencies which have resulted in reducing costs but not services: better service delivery and the lowest rate increase in sixteen years has been achieved simultaneously. If re-elected, my endeavours will be fooused on improving those productivity gains which have given us over nine million dollars in capital works this financial year, promotting the strong emergence of agritourism, forging better relationships between council and community, promottion of good governance, sustainability and improvement of infrastructure and services for the Alpine community. Fostering relationships between Alpine Shire, other government agencies and private enterprise to achieve common goals is paramount of this Shire to be come greater and I feel confliction in my ability to, through informed and sometimes brave decision making, lead this process. I also serve the Alpine community as an elected member of the MAV board, regional waste management board, Captain for the Buffalo River CPA, a member of the Myvelford RSL and the Landcare group. Vote 1 Ron Janas

CAIN, Narda

My name is Tom Smith and if elected, I will be representing the whole of the Shire. I will be hard working, consultative and a genuine representative of the area. I will encourage new businesses to promote jobs and tourism in the area, as well as supporting our already great businesses to grow and prosper. As the area grows we can expect our services, eg hospitals, age care, police etc to grow and improve as well. I will be encouraging the shire to reduce red tape, especially in the building and planning departments. This will help encourage new business and housing to the area. I believe to have an effective council you must have a group of Councillors that are working together as a team for the betterment of the whole shire and I would encourage the voters to think carefully when votings to the shire, can have a good team. I will bring a can do attitude to the shire, we all need to be promotting a positive outlook for the shire. Good governance is a must for an effective shire, as well as consultation and transparency, I will endeavour to deliver these principles.

I am a long-time resident of the Apine Shire. I am happily married with four beautiful girs and couldn't think of a better place to live and raise a family. I am the Principal of Outdoor School and am involved in many local dubs. I has been an honour to serve the ratepayers across the Alpine Shire during the past eight years. My role, as your voice has been stimulating and rewarding on all accounts and it is the reason I became a coundlior. Areas that I am particularly passionate about include education, all aspects of Alpine Health, environmental sustainability, maintaining a responsible budget, planning, roads, bridges, footpaths, recreation facilities, emergency management, water security, economic development and parks and garders. Strengths that I bring to the role as councillor include honesty, integrity, a willingness to listen and act, an ability to work in a team environment and importantly, finand all acumen. Thank you for this opportunity to give back to our community. I look forward to re-election so I can help achieve your vision for our wonderful shire.

I have been a resident and business owner in the shire for the past 25 years; former councillor and have served on the Shire Audit Committee from 2012-2015. I love this shire and would like to see it remain a great place to live and work, as well as see it progress and build its rate base, so we can continue to improve services and remain sustainable. I am a highly principled, no-nonsense person, with strong integrity and seriability, and will work trielessly to meet your expectations. I want to encourage new business into the shire that will create long term, permanent employment, so we can keep our young people here to raise their families in our dean, safe, secure environment, as well as work toward correcting the serious parking problems in Bright. Consider your vote carefully as we need caring, considered, thirking, stable people guiding Alpine Shire for the next four years to ensure our shire remains the fair, liveable place that it is. Vote 1 Narda Cain.

DYER, Rav

For the good governance of Alpine Shire, I am committed to a consultative, respectful and community-focused approach to local government based on listering to all shire residents and ratepayers. Special consideration should be given to those in our community who don't normally have access to effective representation - the young, the aged and the disadvantaged. I have now lived in the Shire for 20 years after a career in Foreign Affairs in Canberra and IDAPS Computer Science in Melbourne. My commitment to the community includes 13 years as a Board Member and past Chair of Alpine Health, membership of SES, CFA, Alpine Shire Heritage Network, Community Resilience Committee, Community Health and Advisory Group, Bright Art Gallery and Bright Autumn Festival Committee, and Committee Member, past Vice President and Welfare Officer for the Bright RSL. I have a particular interest in Adult and Children's Literacy, and am a Graduate of the Alpine Valleys Community Leadership Program. As Councillor, my commitment will always be to ethical, consultative decision-making and achieving the best outcomes for all of the residents of Alpine Shire. Sustainable growth with respect for the environment, our history and in consideration of future generations will inform my decisions.

Effective and healthy leadership is about listening respectfully with empathy, and understanding the needs of the communities, then acting wisely with mature decisions for the residents of the Alpine Shire. It has been a privilege to have been your representative previously and I have served you well; I have a good working relationship with the residents and this has made me realise how much I would love to serve you again. I have completed my apprenticeship during my first term, I have gained useful knowledge and studied the complexities of Local Government. It is import and to be inclusive and participatory and to keep working together to enhance the social, environmental and economic sustainability and wellbeing of the Alpine Shire communities. I will actively lobby for lower rates without a reduction of Goundl services; I will foous on facilities for the elderly and make sure that families concerns are heard; I will aim to help and focus on job opportunities for the Youth, I will promote economic growth for our region and seek a more equitable and fairer distribution of projects across the Shire. With your support I will continue the good work on heaft of the Alpine Shire residents.

Strong, positive, compensate, leadership, I have a bucket list of 36 item all very important short listed to 11. Sads Shire CEO & Previous counsellors be stood down for 6 morths, Enough is Enough. Everybody keeps their hands to themself. All aspects of health and education (very important). The youth, the homeless, unemployed transport, & Suiscial Rate. More respect for ratepayers by about 40% by Coundi. The risk for Bushfries, floods, and droughts on the community. Save MT Buffalo Chalet and Shire heritage. One Code off conduct for all coursellors acrose the state. Matters arising from previous meeting be adopted by the new council. Tourism - My ideas will double tourist trade for Shire and help the region. Toilets to be safe and deaned to a respectable standard. Something the last council and the previous two councils were not able to do Shame. Hopefully with your help, and after 4 years we are strong positive compensate united and with one standard for all within the Shire Thank you for voting Have a happy day Ray Dyer

ROPER, Peter

I am a farmer and reside in the Kiewa Valley, and am passionate about maintaining our unique environment whilst erhanding the economic opportunities of our Shire by ensuring sensible, considered planning and tourist development that is in the best interests of our communities. During the past four years I have had the privilege of being your representative on Coundl, and I am seeking your endorsement to allow me to continue to work for you to enhance our towns and rural communities. I have been committed to continuing to work to improve the services and resources provided to residents of Alpine Shire and will work hard to always represent the community to ensure the best outcomes for the majority. I have listened to concerns of residents and have helped guide the Shire through efficiency programs that have seen the Council eliver some of the States lowest rate rises during this period whilst still ensuring the high service levels we have become accustomed too continue. The coming four years are exciting as we will start to really see the benefits of the efficiency programs making more money available for capital works like township removal projects and sporting predints.

# Mongans Bridge Recreation and Camping Park Reserve

President:

Secretary/treasurer:

Received

13 DEC 26%

Committee:

30 November 2016

Mr Ron Janus

0.0

On Behalf of the managing committee of the above reserve I wish to submit the enclosed petition relation to the speed limits on the roads surrounding the reserve.

This petition is in response to repeated near misses that have occurred on the intersection of Bay Creek Lane and Redbank- Mullagong road between walkers and vehicles.

Every year during the summer the reserve is very busy with visitors and campers to the local area and we are continually being asked why nothing has been done about the speed of the vehicles that use the roads shared by the many reserve users walking along the road and even crossing to the river.

The river near the reserve is also used daily by many locals and day trippers.

The committee has approached the Alpine Council, Vic Roads and even the local Police trying to come up with a safe solution to the problem. We have been informed that the intersection was to be re-marked and new larger signage added to make the intersection safer but this is still to be carried out.

At our own cost the committee has placed signs in the park ensuring that campers and visitors are aware of the dangers.

The committee has approached the locals that would be affected by the proposed changes listed in the petition and all have signed in support of the petition.

We hope that the Alpine Shire Council are willing to help and support us in making the shire a safer place for the visitors to the area.

If you wish to discuss any of our concerns about the above, please give me a call on 0409 924005.

Thank you for your time.

# ordinary council MEETING M2-7 MARCH 2017 MONGANS Bridge Recreation and Camping Park Reserve

President:

Secretary/treasurer:

committee:

We the undersigned hereby express our wish to have the speed on the sections of road described below lowered to 60km per hour, and have appropriate signage notifying drivers of pedestrians and children using this area.

This petitions aim is to keep the users of the Mongans Bridge Reserve and locals using the Kiewa river safe in this area.

The road sections under this petition are: •

- Mullagong Road from the Bay Creek Lane intersection for a distance of 2km towards Gundowering.
- Redbank Road from the Bay Creek bridge to the Bay Creek Lane intersection and,
- · Bay Creek Lane from the Kiewa Valley Highway to Ceccanti Winery.

# 8.3.1 FINANCE REPORT Q2

## Introduction

#### Preparation of report

The purpose of this report is to provide Council with a summary of financial performance for the quarter against budget. This report provides an overview for the quarter including:

- Income statement
- Balance sheet
- Cash balance
- Current investments; and
- Loans balances.

This report also includes a summary of each department's quarterly performance with explanations for variances which are approximately greater than \$10,000 or 10%.

Some departments may have no explanations and this is due to the department tracking on budget with no material changes expected.

This report has been prepared for internal management reporting purposes and as required under section 138 of the Local Government Act 1989. This report has not been audited.

The Quarterly Finance Report is prepared based on a rigorous process which includes:

- Each department reviewing their budget and providing explanations for variances at the master account level.
- Departments submitting their quarterly budget explanations to the Finance department for review and further analysis.

- Departmental managers presenting to the Executive on their departmental performance for the quarter.
- Presentation of the Quarterly Finance Report to the Finance Committee.

This report is also provided to the Audit Committee for noting.

#### Summary of performance

Overall Council is performing well in the first two quarters. This is as a result of higher than expected grants and higher than expected other income for the first two quarters which did include some income relating to the prior year. The favourable result is also due to favourable employee costs year to date (YTD) as well as favourable materials and services costs YTD. This is an indication of strong budget management, increased emphasis on forecasting and continuous expenditure reviews. A favourable result is forecast at year end.

#### Capital works expenditure

Capital works is progressing well in the first two quarters as achieved 64% of the budget to December. Some efforts have been hampered by the wet weather and this has impacted on quarter two with the floods occurring at the start of October. Forecast expenditure is expected to be lower than budget at year end and this is due to delays in some larger projects such as the Porepunkah - Nicholsons St - Alpine Better Places \$1.5M.

## Income Statement - YTD actual against forecast

| Surplus (deficit) for the year      | 2,349                | 1,663              | (686)                | (41%)                |     |

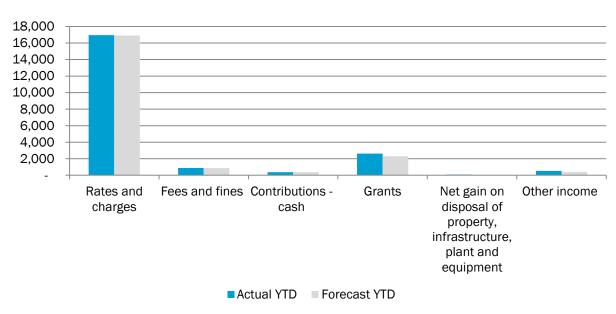

# Income Statement – explanations of variances

| Ref | Item                   | Explanation  |
|-----|------------------------|--|
| 1   | Grants                 | Grants are favourable to budget due to Alpine Events Park grant of \$187K being received and not forecast in quarter two. Also the land valuations grant of \$148K from State Revenue Office was received in quarter two, and not forecast in quarter two. |
| 2   | Other income           | Other income is higher than expected due to income being received relating to the sale of scrap metal \$29K and the insurance claim for the storm damage of Mount Beauty Library as well a forecasting error in quarter one.                               |
| 3   | Materials and services | Material and services are lower than forecast due to the timing of invoicing for plant, utilities and Momentumone expenditure which will occur in the third quarter.   |
| 4   | Employee Costs         | Employee costs are forecast \$578K below budget at year end due in large part to the wage freeze and also the effect of vacant positions.  |
| 5   | Materials and Services | Forecast \$877Kover budget at year end due primarily to works related with flood recovery. These expenses will be directly offset through recovery funding.  |

# Balance Sheet – explanations of variances

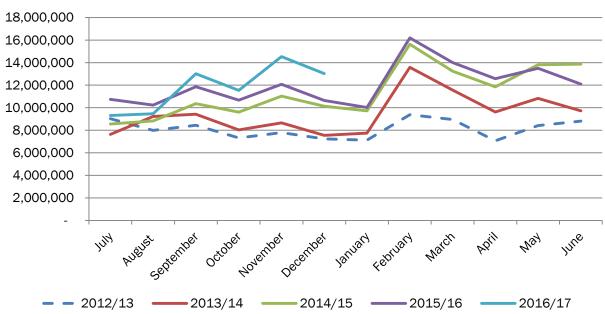

| Ref | Item  | Explanation   |
|-----|---|---|
| 1   | Cash assets                                   | The budgeted balance sheet is as expected at 30 June 2017. This means that cash is favourable at the end of quarter two as it only represents six months of the year. This will reduce as capital works are completed.  |
| 2   | Receivables                                   | The full rates values were raised in quarter one which was forecast. Only two instalments have been paid at 31 December with the remaining two instalments due in each of the remaining quarters. The budgeted balance sheet amount is the expected balance as at 30 June 2017 and receivables will continue to decline each quarter. |
| 3   | Other   | Other represents prepayments and accrued income. These are captured at 30 June each year and not through the quarterly reporting process.   |
| 4   | Investment in associate                       | This represents both High Country Library Corporation and MomentumOne. The High Country Library Corporation wind up has not yet been finalised.   |
| 5   | Property, infrastructure, plant and equipment | PPE is less than budgeted as all of the capital works for 2016/17 have not been completed with quarterly three and four remaining to be completed. Also the budget amount included asset valuations expected at 30 June 2016 which did not end up being completed and will occur in 2017.   |
| 6   | Trade and other payables                      | Payables are always higher at 30 June each year due to creditors staying open to ensure all expenditure relating to the year is captured.   |
| 7   | Trust funds and deposits                      | Trust funds and deposits is higher than budgeted due to<br>the fire service levy amount this year being higher than<br>expected. This was due to a large payment of \$431K<br>being received in June. The fire services levy was remitted<br>in October 2016.   |
| 8   | Provision for landfill                        | The landfill rehabilitation liability increase is mainly attributed to an unbudgeted increase in remediation costs for Councils landfills. Work conducted to date has provided more accurate costings associated with the remediation.  |
| 9   | Other Reserves                                | Other reserves is higher than budgeted due to no funds being withdrawn from the Dinner Plain reserve as anticipated at 30 June 2016. Also the waste reserve was increased by \$700K at 30 June based on works not completed during 2015/16.   |

# Cash and investments

This graph shows the cash position as at the end of the quarter and the variation from month to month.

The cash balance started off slightly lower at the start of the year compared to 2015/16 due to not receiving the Financial Assistance Grant in advance this year. Once the grant was received cash was higher than 2015/16. Overall the strong cash position compared with 2015/16 is due to the change to instalments only for rates payments.

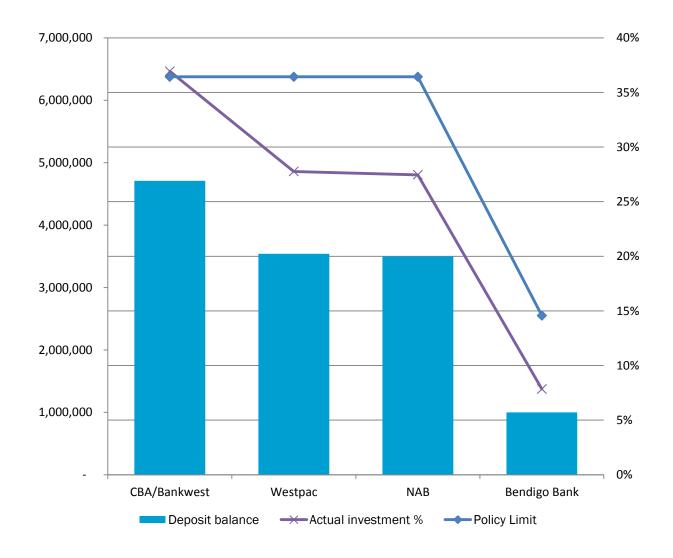

# Investment policy

The Finance Committee endorsed a revised investment policy at its June 2016 meeting and this was subsequently adopted by Council in July 2016. The review was undertaken due to the level of cash Council has available and existing investments exceeding the investment policy threshold. The investment policy is now based on a percentage based investment limit (instead of a dollar based limit).

# **Investment listing**

| Institution  | Deposit balance | Policy Limit | Actual investment | Return |
|--------------|-----------------|--------------|-------------------|--------|
|              |                 |              | %                 |        |
| CBA/Bankwest | 4,709,286       | 6,374,640    | 37%               | 1.92%  |
| Westpac      | 3,539,994       | 6,374,640    | 28%               | 2.67%  |
| NAB          | 3,500,000       | 6,374,640    | 27%               | 2.53%  |
| Bendigo Bank | 1,000,000       | 2,549,856    | 8%                | 2.55%  |

| Total Expenditure        | 2,223,657    | 2,295,322    | 71,665   | 3%    |
| Total Corporate Services | (15,727,926) | (15,474,033) | 253,893  | (2%)  |

**Risk management** expenditure is favourable to forecast YTD due to receiving a refund for work cover related to 2015/16 \$24K and the payment of work cover claims to council.

Rates income is higher as a result of income State Revenue Office for subsidy of the rates land valuation in 2015/16 \$148K. Rates expenditure is over forecast due to payment of land valuations for the Fire Services Levy relating to 2015/16 of \$69K.

IT Services expenditure is higher than forecast due to higher than expected telecommunication costs and unbudgeted expenditure for the installation of the generator at the Bright Office, saving within IT Services are expected to be made to offset this additional expenditure.

**Library services** expenditure is higher than forecast due to the unbudgeted expenditure for wages for July paid to Wangaratta City Council \$25K.

**Library hub** expenditure is favourable to forecast as greater expenditure on books occurs in quarters three and four however the budgeted expenditure is evenly distributed over the year.

| Total Facilities                        | (1,521,260)          | (1,253,369)               | 267,891              | (21%)                |

Property management income is lower than budgeted at the end of quarter two due to the correction for rental income for the Dinner Plain community centre being coded to this account; however it is budgeted for in the Dinner Plain business function. This has been corrected in quarter two but not on the quarter two forecast. School crossing income is favourable YTD as the grant from Vic Roads has occurred sooner than forecast.

**Recreation** expenditure is favourable due to timing of invoicing for oval works in Mount Beauty \$24K which will occur the third quarter.

Waste and recycle income is favourable due strong transfer station fees income and the sale of scrap steel \$29K occurring sooner than forecasted in quarter one.

Waste and recycle expenditure is favourable to forecast as October waste diversion costs will be paid in quarter and lower recycling kerbside charges than forecast.

| 3.19 Emergency Management | 106,622   | 167,500   | 60,878   | 36%  |
| Total Expenditure         | 2,877,956 | 2,910,870 | 32,914   | 1%   |
| Total Asset Maintenance   | 2,777,384 | 2,731,370 | (46,014) | (2%) |

**Maintenance – roads** income is unfavourable due to the reversal of development income incorrectly recognised in 2015/16 for \$17K.

Maintenance – roads expenditure was greater than forecast in quarter two due to non-claimable emergency flood works \$82K

Maintenance – buildings expenditure is less than forecast due to roof repair works on Tawonga Hall being delayed due to wet weather.

**Maintenance – drainage** expenditure is behind schedule due to wet weather conditions in quarters one and two.

**Open spaces** income is higher than forecast as the grant funding for roadside weed control has been received earlier than expected.

**Open spaces** expenditure is less than budgeted due to wet weather conditions have resulted in less works have been carried out.

**Operations** expenditure is less than budgeted due to two main factors. The first being utilities which is mainly due to the timing of invoices. The second is due to plant operations being down as less repairs are carried out in quarter one and two.

**Emergency management** income is greater than forecast due to grant funding \$30K being received sooner than expected.

**Emergency management** expenditure is less than forecast due to a late start on fire access trails hydrants as result of seasonal conditions.

**Building** income is favourable to forecast as a number of high value building permit applications submitted in quarters one and two has resulted in greater than forecast income.

Local laws expenditure is favourable to forecast as the animal registration levy payable to the state government will not been paid until quarter four.

**Strategic Planning** expenditure is favourable to forecast YTD however as these projects are underway it is expected that most of the budget will be expended by 30 June 2017.

less in the remaining quarters.

**Environmental Health** income is less than forecasted due to a new system for collecting renewals having been introduced and most of the income is likely to be received in quarter.

**Environmental Health** expenditure is less than budgeted due to the Domestic Waste Water Plan work having not yet commenced, the works will be completed over the remainder of the year.

Plant and motor vehicles renewal income is favourable to the forecast as actual income exceeds forecast due to plant sales achieving better prices than forecast. .

Building upgrade income is favourable to the forecast due to additional insurance income for Mount Beauty Library as a result of damage incurred during the January 2016 storm event\$26K. As well as grant income was received ahead of expectations for the Lakeview Childcare centre.

Recreation and other – upgrade Actual income exceeds forecast due to earlier completion of milestones for the Bright Alpine Events Park \$192K than planned, and prompt payment of grant income by the funding body.

Recreation and other new income is below the forecasts due to no additional contributions to recreation as a result of new subdivisions in quarter two.

Flood recovery income is forecast at year end based on the estimated damage from the floods in October.

#### Asset Development projects explanations

During the first two quarters Council completed \$1,897K of capital works compared to the budgeted \$2,778K. End of year forecast is approximately \$1.2m under original budget being approximately \$200K under-budget savings offset by approximately \$600K unbudgeted/over-budget work and approximately \$800K in carry forward projects.

- Grader is forecast to be less than budget due to better pricing expected than originally forecast.
- 2. Mount Beauty airport runway resealing
  Annual forecast is less than budget due to
  favourable tendered prices.
- 3. Bright pavement rehabilitation Churchill ave

Annual forecast is less than budget due to a change in implementation strategy. VicRoads will complete the works and invoice Council for its share of the material costs.

- **4.** Wandiligong Morses Creek bridge network Actual expenditure is less than forecast due to delays in tendering the works
- 5. Kancoona Smarts Creek bridge
  Annual forecast is below budget due to
  favourable tendered prices.
- 6. Kerb and channel

Annual forecast exceeds budget due to underestimating carry forward works from 2015/16. The forecast overspend on kerb and channel renewal will be offset by a decision to defer delivery of Myrtleford O'Donnell Ave/Standish St kerb renewal.

- 7. Myrtleford O`Donnell ave/Standish st kerb Annual forecast is below budget due to a strategic decision to defer this project to offset the overspend on other kerb and channel renewal projects.
- 8. Renewal Bright office refurbishment
  Actual expenditure exceeds forecast due to
  a forecasting error. This project is expected
  to be completed in 2017/18.
- 9. Myrtleford old council chambers
  Annual forecast is less than budget due to a
  decision to reuse compactus shelving and
  other costs being less than expected.
- 10.Bright pool repair

  Annual forecast exceeds budget due to an underestimate of the scope/cost of the

- necessary repairs to both pool liner and wet deck.
- **11.Rehabilitation Porepunkah** project is expected to be greater than budgeted due to stage one of the scope exceeding the previous consultants estimates.
- **12.Wheelie bin replacement**Annual forecast is below budget as the uptake of 360L recycle bins is lower than expected.
- 13. Bright Alpine Better Places Mafeking square

Annual forecast is below budget due to refinement of scope, favourable tender prices and deferral of Gateways until 2017/18.

- 14. Myrtleford Alpine Better Places Myrtle st Annual forecast exceeds budget as the design & documentation scope has increased to include all planned Myrtleford works. The original budget did not include Jubilee Park.
- 15. Porepunkah Nicholson St Alpine Better Places

Annual forecast is less than budget, as a delay in a related funding announcement has impacted on the start of the works.

- 16.Bright office environmental upgrades
  Unbudgeted opportunistic spend on
  upgrades to the Mystic Wing to improve
  environmental efficiency.
- 17.McNamara Reserve Netball Court upgrade
  Actual expenditure exceeds forecast as
  planned completion of the line marking
  during Q4 2015/16 was impacted by
  weather, and the full scope of work was not
  invoiced until 2016/17.
- 18. Bright Alpine Events Park

The annual forecast exceeds budget due to a strategic decision to bring forward delivery of the internal roads and parking, to achieve efficiency gains through implementing this work concurrently with underground works, and to avoid implementation clashing with a busy event period.

- 19.McNamara Reserve lighting upgrade
  Annual forecast is less than budget, due to
  project delays whilst additional design work
  was completed.
- 20.Dunstan Track Germantown
  Unbudgeted spend endorsed by Council on
  20 December 2016 to deliver a box culvert

crossing on Dunstan Track.

## 21. Myrtleford Holiday Park

Annual forecast is less than budget due to a significant reduction in the drainage scope which was agreed with stakeholders.

- 22. Myrtleford Cundy Park Shelter
  Unbudgeted expenditure following successful grant funding application.
- 23. Myrtleford Nil Gully Creek drainage strategy

Unbudgeted expenditure to identify future flood mitigation infrastructure requirements ahead of development approvals.

24. Claimable Storm/Flood Restoration
Expenditure is the expected amount Council
will incur as a result of the October floods.
Council is able to claim funds back from the

forecasting due to late invoicing by one of the key civil contractors.

government. Actual expenditure is less than

# **Report Conclusion**

Council has performed well against budget for the first two quarters. This is due to a matured forecasting approach and a clear focus on controlled spending. The annual forecast is also expected to be favourable to budget \$2.7M, however 65% of which relates to the capital works most of which will to be carried forward to the 2017/18 budget.

Social Media - events, closures

Road maintenance ,Hero maintenance, new and improved signage for safety and closues

\*ACP funds = accummulated profit from 2017
\*\*Merchandise 50% increase

\*\*\* Replacement of road surface Mystic Lane

 $<sup>\</sup>ensuremath{^*}$  Staff wages for 2 or more officers - manager and on the ground event/park management

<sup>\*\*</sup> Ongoing infrastructure development is minimalised

<sup>\*\*\*</sup>Marketing and PR are minimal Marketing - working in collaboration with ASC, ACC and event organizers to raise profile, and attract additional events,

<sup>\*\*\*\*\* \$15000</sup> of ASC funding allocated to loop

<sup>\*\*\*\*\*\*\*</sup> Income from maps goes to Alpine Cycling Club for Trail maintenance

<sup>\*\*\*\*\*\*\*</sup> Infrasture includes water tanks, toilets ,off trail preparation areas

<sup>\*\*\*\*\*\*\*</sup>Infrastructure / Maintenance

#### 22.-- EXTRACTION OF GROUNDWATER FOR WATER BOTTLING

--/--/--C--

This policy applies to land that may be used for the extraction of water that is bottled, onsite or offsite, and sold for commercial purposes.

#### **Policy Basis**

The taking of groundwater is controlled under the *Water Act 1989* through the application of a licence to take and use water from a waterway or groundwater. Licences are issued by the Water Corporation and not the planning authority. Groundwater within the Alpine Shire is of a high quality and there is pressure for this water to be extracted in bulk and bottled for human consumption. The extraction of water could have amenity, social, and economic impacts on the Alpine Shire and region. This policy intends to provide guidance to manage the potential impacts from the extraction of groundwater on land use and amenity.

#### **Objectives**

To ensure that water extraction facilities are located in areas which minimise the impacts on the community.

To ensure that appropriate infrastructure is provided or exists before a water extraction facility commences operation.

To protect the landscape from visually obtrusive structures associated with water extraction facilities.

To ensure that public safety and amenity will not be affected by truck movements associated with a water extraction facility.

To ensure that the balance of land used for water extraction is used for agriculture or another use consistent with the purpose of the zone.

#### **Policy**

It is policy that:

- Water extraction facilities are discouraged in areas which are in close proximity to residential areas and sensitive uses and in highly visible location.
- Water extraction facilities must be sited and managed to minimise the effect on the amenity of the surrounding area with regards to noise, light emissions, traffic and access, visual appearance and impact, and hours of operation.
- Trucks accessing the water extraction facility must be fitted with real time GPS
  monitoring to track speed, location, times of entry to the property and time of fill and
  emptying of water.
- The lot containing the water extraction facility must have direct access to a Road Zone
   1.
- The infrastructure of the water extraction facility must be landscaped to enhance the visual appearance of the site.
- The water extraction facility must be provided with suitable infrastructure prior to the extraction commencing, including roads and drainage.
- Bottling of water onsite will only be permitted where noise guidelines are met.

## **Decision guidelines**

Before deciding on an application the responsible authority must consider as appropriate:

- The impact of truck movements on the local community.
- The existing and proposed vehicle movements to and from the site per day.
- The potential visual impact of these facilities when viewed from public view points.
- The amenity impacts of these facilities on residential and other sensitive land uses.
- The area of land to be used by the water extraction facility and the loss of agricultural land.
- The use and ongoing management of the balance of the land.
- The access to the site and impact on local traffic.
- The type of trucks to be used by the water extraction facility.
- The hours of operation of the water extraction facility.
- The number of dwellings located within close proximity of the site.
- Whether onsite bottling of the extracted water is proposed.

Meeting Title: Briefing Session

Date: 31 January 2017

**Location:** Committee Room, Bright Office

**Start Time:** 2.00pm

**Chairperson:** Cr Ron Janas, Mayor

## **Councillor and staff attendees:**

| Name                | Position     | Name         | Position |

Simmonds Creek Road Tawonga South, VIC, 3698

21st February 2017

Alpine Shire Council, P O Box 139 Bright, VIC, 3741

Dear Councillors,

Please find attached a Petition signed by most of the residents of the upper section of Simmonds Creek Road, Tawonga South.

The Petition strongly urges Council to approve the extension of the footpath in Simmonds Creek Road, primarily because of concerns for the safety of children, and other residents.

Pleas contact either of the undersigned if you would like to inspect the area and/or require more information.

Yours sincerely

#### SUBMISSION

The following statement is submitted on behalf of Simmonds Creek Road ("SCR") residents listed in Appendix 1. There are additional residents who have not been able to be contacted as yet, however their names will be added to the list in due course.

The issues raised are not new. They were formally raised with Council 10 years ago and they have been periodically raised by longer-term residents for much longer. All residents are united in their view that we have a right to use the street safely for transport and recreation and that the safety issues raised herein should be given the highest priority.

#### **ISSUES**

- 1. Safety
- Above Glenbourne Drive there is no sealed shoulder for walkers, parents with strollers, cyclists etc.
- Where there is a shoulder, it is unsealed, typically very narrow and mostly slopes steeply into open drains.
- SCR has a very steep, narrow section which is very dangerous, especially when vehicles are about.
- There are numerous bends in the road with very limited line of sight. These become exceptionally dangerous when cars/pedestrians/cyclists encounter one another.
- When traveling uphill, cyclists are moving very slowly, making their maneuvering more difficult and increasing their exposure to vehicles.
- There are several elderly residents who regularly walk up and down SCR year round. They have particular concerns about sharing a narrow road with cyclists, as they can be difficult to hear approaching.
- Parts of the road can be icy during the colder months, exacerbating these safety issues.
- After periods of heavy wind and rain the road is often strewn with debris making it particularly dangerous, especially for cyclists when sharing the road with vehicles.
- SCR is often used by heavy vehicles (AGL, CFA etc.), exacerbating these safety issues.
- Many drivers do not adhere to the 50km/hr speed limit, exacerbating these safety issues.
- SCR is used by recreationalists (hunters, walkers etc.) who do not appreciate its residential context.
- At various times of year, morning and afternoon/evening sun can be blinding for all road users, exacerbating these safety issues.
- The photographs in Appendix 2 highlight some of these issues.

### 2. Drainage

- Addressing the footpath will also give Council the opportunity to properly address the currently inadequate management of stormwater for much of SCR above Glenbourne Drive.
- The current regime of temporary solutions and repairs is not a sustainable use of Council's finite resources.

#### 3. Road users

- During peak times it is very common for multiple vehicles, cyclists and pedestrians to encounter one another simultaneously.
- There are currently over 30 school children living on SCR, most of whom ride or walk to school (this does not include Glenbourne Drive or Highland Court).
- There are a number of residents who have lived on SCR for over 20 years, some
  of whom are elderly. Many of these residents have raised their children on SCR
  and tried unsuccessfully for many years to have these safety issues rectified.
  These residents are still active users of SCR on foot, bicycle and the like.
- There has been a large increase in the number of school children who ride or
  walk to school. This is a very healthy pastime which ought to be encouraged.
  Many residents will not let their children ride to school unattended due to the
  safety concerns, despite their children being adequately skilled and responsible.
- There has also been an increase in the number of adult residents who utilise SCR on foot, bicycle, roller-skis and the like.
- The safety issues noted above have been raised by all residents and road-users.
- There is a consensus opinion that it is not a matter of "if" an accident occurs, but "when".

#### 4. Priorities

- A footpath extension on SCR should be given the <u>highest priority</u> on the basis of the safety concerns raised in this submission.
- The extension of the footpath has already been on Council's register for at least 10 years. It is currently assigned a "low priority" with an estimated timeframe beyond 2025 (over 20 years since the issue was formally raised in 2006). This is simply not acceptable.
- Elevating its priority to "medium" (2020-2025) would result in a path being constructed when many current primary school children will complete high school. This will leave children exposed to the safety issues raised above for almost the entirety of their school lives.
- Also based on these timeframes some elderly residents of SCR may not see these safety issues addressed in their lifetimes.
- Further feasibility studies should not be necessary to determine what has already been agreed upon.
- Any obstacles to the works are <u>not insurmountable</u>. Residents are willing and able to assist and co-operate with Council to achieve the desired result.

## 5. Brief history to date:

#### Prior to 2006:

 several current and prior SCR residents engaged with the Council regarding the safety issues and poor drainage on SCR. Despite being given undertakings that the issues would be addressed, nothing substantial ever eventuated.

#### • 2006:

- Residents liaised closely with Councillors and staff
- It was acknowledged that the narrowness of the road and increase in traffic (due to increased resident numbers and tourists), combined with increased use by cyclists and pedestrians (especially children), had generated significant safety concerns.
- A section of shared path was constructed on the lowest section of SCR, which whilst helpful, did not address the most dangerous sections of the road
- Meetings were also held with Council, residents and the owner of

   At one of these meetings, a plan was

   agreed upon which would involve minor earthworks thereby allowing the path to continue past the winery.
- Also at these meetings, issues were raised regarding the close proximity
  of the road to the lot boundary at
  study was supposed to take place but residents have never been advised
  of any outcome and the footpath has never extended past this property.

#### 6. Photographs

See Appendix 2

#### COMMUNICATIONS

Please forward any written responses to the email addresses below. Correspondence will be forward to SCR residents.

# **Petition to the Alpine Shire Councillors**

Regarding:

Simmonds Creek Road footpath and associated works.

Context:

See attached document (previously supplied to Councillors and staff)

**Statement:** 

We, the undersigned, strongly urge the Council to approve the extension of the footpath in Simmonds Creek Road, Tawonga South, and to make provision in the budget for on ground works to commence in 2017/18.

Residents in Simmonds Creek Road have been formally advocating for this extension for more than 10 years. Some longer-term residents have been requesting these works for many more years prior.

In recent times there has been an influx of families with school-age and preschool-age children into the Road. There are many good reasons for this project to proceed as a matter of urgency (see attachment). The primary reason is the safety of pedestrians and bike riders of all ages and young children in strollers and prams. An accident is inevitable with the current road usage. These works would also allow the inadequate drainage on the Road to finally be addressed appropriately.

The safety of Shire residents must be a top priority for the Council.
