Message from the Mayor

I am pleased to introduce our Council Plan 2017-2021 for the current Council term. The Council Plan defines how Council will continue to deliver high quality projects and services to our community. To continue prioritising the health and wellbeing of our community, our Municipal Public Health and Wellbeing Plan (MPHWP) is included in the Council Plan.

The Council Plan outlines our objectives and strategies and explains how we will work towards these objectives and how they will be measured. It sets the direction for the next four years and addresses the challenges we will face over the term, as well as addressing the exciting opportunities presenting to Council and the community.

Our aim is to build healthy, resilient, sustainable and connected communities, both physically and mentally. We will achieve this through establishing networks, developing great places to live and ensuring a true sense of community.

Council wants the people of Alpine Shire to prosper through vibrant retail and hospitality sectors, productive agricultural enterprises, excellent recreation facilities, suitable infrastructure and the nurturing of our enviable natural environment.

I am looking forward to working with my fellow councillors to bring this plan to life.

2030 Community Vision

The Alpine Shire provides outstanding opportunities for its residents and visitors through sustainable growth in balance with the natural environment.

The Alpine Shire 2030 Community Vision was developed in consultation with our community in 2005 and revised in 2010. We have decided to retain the original vision, as it is consistent with community sentiment expressed during the development of this Council Plan.

Our commitment to the community

We are beginning a new term of Council with a fresh and enthusiastic approach to deliver outcomes for our community over the next four years. We will continue to focus on the key functions of Council while delivering on our strategic initiatives and implementing policies and plans to support a healthy and well connected community.

This term we have integrated our Municipal Public Health and Wellbeing Plan (MPHWP) into the Council Plan. This enables Council to strengthen the importance of health and wellbeing across our community and provide resources to achieve our desired community outcomes.

To achieve our 2030 Community Vision, Council will focus efforts on delivering its seven long term objectives. These objectives will guide Council's delivery of projects and services to the community over the next four years.

1. A HIGH PERFORMING ORGANISATION

We will strive to be a high performing council that will advocate for our community and communicate and engage with stakeholders. Council will take pride in its leadership and govern with integrity, while continuing to build a skilled organisation.

2. A RESPONSIBLE AND SUSTAINABLE ORGANISATION

Council is continuing its journey of financial sustainability and will actively seek savings to help minimise future rate rises while minimising our environmental footprint and continuing to develop community infrastructure. Council will build on the regional library hub, and review the Dinner Plain special rate. In addition, Council is committed to providing an exceptional customer experience.

3. INCREDIBLE PLACES FOR OUR COMMUNITY AND VISITORS

We will continue to identify and plan for our community's infrastructure aspirations, and deliver our capital works program on time, to budget, and to the satisfaction of stakeholders. Key projects to be delivered for this Council term include the Myrtleford Indoor Stadium Expansion, Alpine Better Places Project in Myrtleford, as well as the McNamara Reserve Netball and Tennis Facility.

4. INFRASTRUCTURE AND OPEN SPACE THAT OUR COMMUNITY IS PROUD OF

Council will manage and maintain Council's infrastructure (roads, bridges, paths, drainage, buildings) and parks, trees and reserves to a standard that makes the community proud. Importantly, Council must understand and plan for its asset renewal requirements to ensure service standards can be maintained. It must prepare for and assist in the response to emergency events, especially in an increasingly variable climate.

5. HIGHLY UTILISED AND WELL MANAGED COMMUNITY FACILITIES

Well used, managed and maintained community facilities are key to the delivery of successful services, programs and activities. Our facilities are vital to our community and we will continue to maintain them to levels that align with community expectations. In addition, Council will undertake a review of kerbside collection services including the transport and deposit of both bulk waste and recycling materials.

6. A WELL PLANNED AND SAFE COMMUNITY

A healthy and safe community requires planning and regulations to be understood, embraced and implemented. Council and the community have a responsibility to ensure local laws, legislation, and regulations are adhered to and respected. This will include progressing amendments to the planning scheme and preparing a new Land Development Strategy.

7. A THRIVING AND CONNECTED COMMUNITY

Council is committed to the development of a prosperous, connected and culturally diverse community. Council will support festivals and events and provide a welcoming environment for both visitors and businesses, and encourage investment and strengthen our economy, while maintaining the liveability of our community. Council will also continue to support cultural pursuits and provide additional support for our ageing population, particularly in relation to the volunteer base in the Alpine Shire.

HEALTH AND WELLBEING ISSUES

PHYSICAL ACTIVITY
AND HEALTHY EATING

- Consumption of fruit and vegetables has improved from 2013 to 2015, though still almost half of the population are not meeting the guidelines;
- Women are more likely to be overweight (34.1%) compared to Victorian women (24.6%);
- Women are less likely to participate in physical activity in Alpine Shire (66% not meeting the guidelines), compared to Victorian women (54.6%); and
- Males are more likely to be obese in Alpine (25.9%) than Victoria (17.4%).

PREVENTING FAMILY VIOLENCE
AGAINST WOMEN AND CHILDREN

- Alpine Shire has a lower rate of family violence incidents (6.4 reports per 1,000 population) compared to Victoria (12.4 reports per 1,000 population).
- Alpine child protection investigations are higher than the Victorian rate (24.9 per 1,000 compared to 19.4 respectively);
- Child FIRST assessments for vulnerable children are higher in Alpine (16.3 per 1,000 population) compared to Victoria (10.1 per 1,000 population); and
- Rates of family violence reports are increasing at half the rate as regional and metropolitan areas.

HARMFUL ALCOHOL AND DRUG USE

- Alpine Shire has higher presentation of alcohol related hospital admissions (49.4 per 10,000 population) compared to Victorian rates (43.1 per 10,000 population);
- People in the Alpine Shire are at increased risk of alcohol-related harm on one single occasion of drinking (56.1%) compared to the Victorian average (42.5%); and
- 19.9% of females in the Shire are currently smokers, compared to the 16.9% of Victorian women.

SOCIALLY CONNECTED AND SUPPORTED COMMUNITIES

- Alpine Shire has a higher proportion of people over the age of 55 years (38.2%) compared to Victorian percentage (25.6%);
- Alpine Shire has high levels of social engagement. Compared to Victorian results, Alpine Shire residents are more likely to be able to get help from neighbours, feel valued by society, feel safe walking alone in the day and the night, and participate as a volunteer, and belong to a community group;
- High number of people with individual income less than \$400 per week (44.8%) compared to the Victorian average (39.9%);
- Median household income is below the State average (\$829 compared to \$1,219);
- Alpine has a higher proportion of people experiencing mortgage stress (14.9%) than the Victorian measure (11.4%);
- Alpine residents are almost half as likely to have completed a higher education qualification (29.6%) compared to Victoria (45.7%);
- Strong anecdotal evidence showing poor transport options throughout the Shire; and
- Aboriginal life expectancy was estimated to be 10.6 years lower than that of the non-Indigenous population. Closing the Gap report highlights the target is not on track to being met.

Planning framework

Council has many plans and strategies which fit together to form our planning framework. Some of our plans and strategies are required by legislation or funding agreements and others are initiatives of Alpine Shire Council. In general, all of our plans are guided by four high-level plans: our 2030 Community Vision, our Council Plan, our Municipal Public Health and Wellbeing Plan, and our Municipal Strategic Statement.

2030 COMMUNITY VISION

The 2030 Community Vision identifies and articulates the long-term aspirations, needs and opportunities of our community. It was developed in 2005 and revised in 2010.

COUNCIL PLAN AND MUNICIPAL PUBLIC HEALTH AND WELLBEING PLAN

Alpine's Council Plan and Municipal Public Health and Wellbeing Plan 2017-21 (MPHWP) sets out the strategic direction of Council to work towards a healthier community. This will prioritise health and wellbeing in our planning framework, optimise resourcing and contribute to an active, healthy and connected community. The Plan provides direction for staff, help with decision making; and measures the performance of the organisation and staff.

Council Plan

The Council Plan describes what Council can do in the four-year period and how resources will be allocated to do this. The components of the Plan which highlight Council's direction are the strategic objectives, the strategies, strategic indicators and the Strategic Resource Plan.

The strategic objectives are Council's long-term goals for meeting the 2030 Community Vision. The strategies are the four-year focus of the plan. We measure achievement of our strategic objectives and strategies through indicators. To provide more context about our direction, major projects and services are listed under each strategic objective.

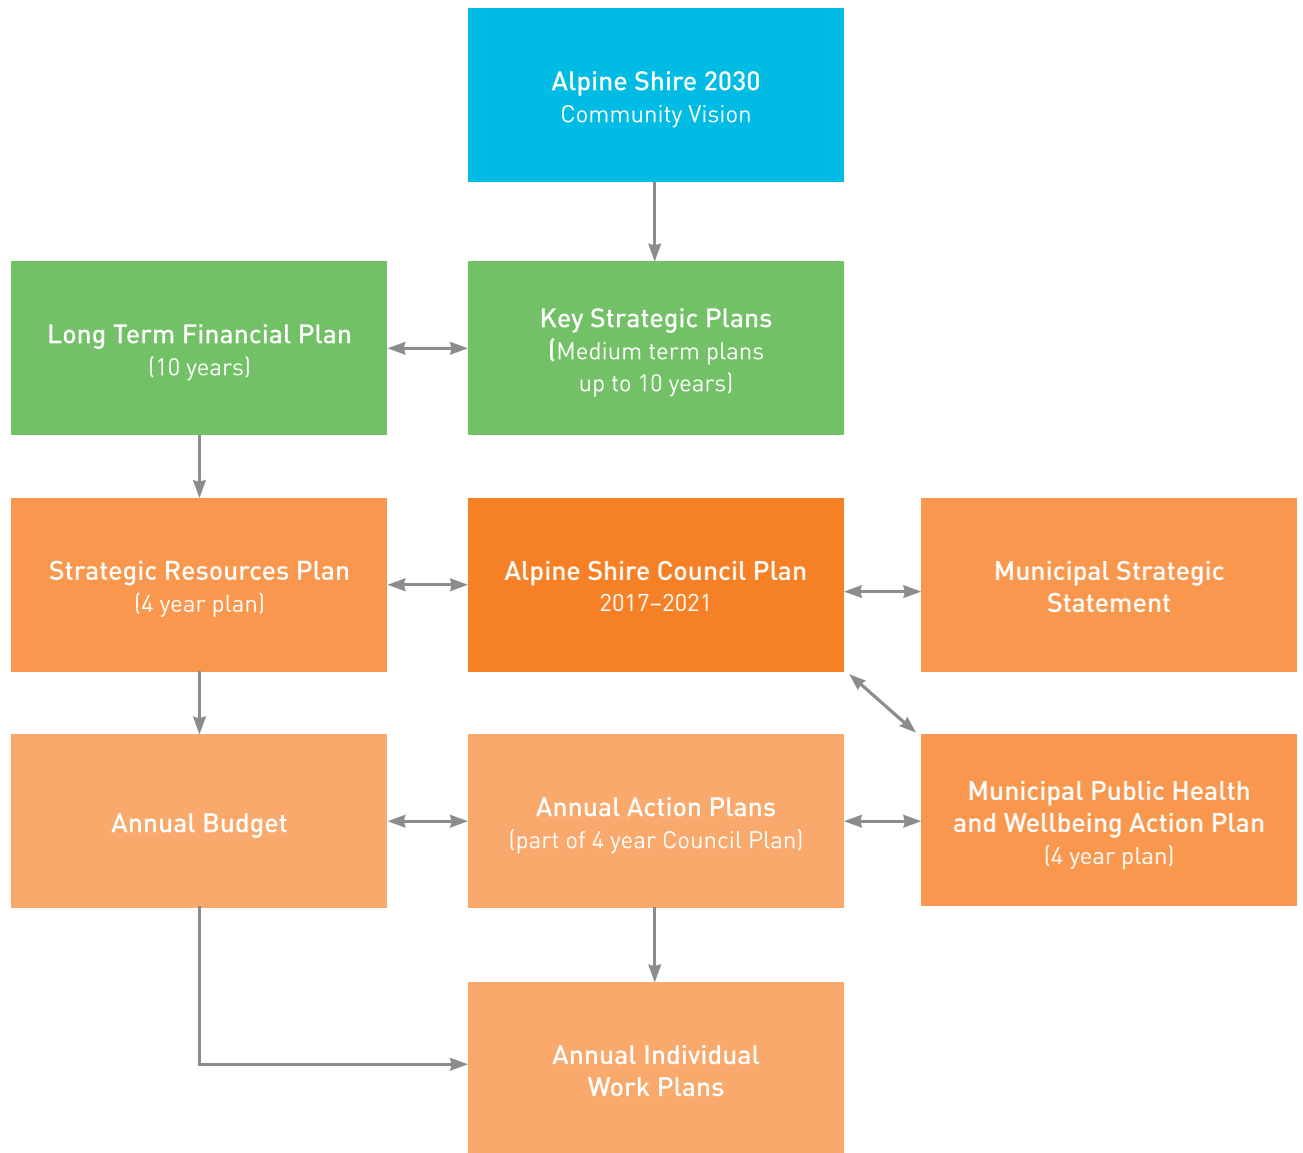

The Strategic Resource Plan outlines a four-year financial plan that details the resources required to deliver the Council Plan. The projects and services outlined in the Council Plan directly link to the items in the Annual Budget.

Municipal Public Health and Wellbeing Plan

Council is committed to protecting, improving and promoting public health and wellbeing within Alpine Shire. The plan draws together information about the health and wellbeing concerns of the community and the actual evidence of health and wellbeing issues within Alpine Shire. This information has been used to identify priority areas, goals and objectives to improve the health and wellbeing of Alpine residents.

MUNICIPAL STRATEGIC STATEMENT

The Municipal Strategic Statement sets the local strategic context of our Shire including land use and development objectives and strategies.

Health and wellbeing

Alpine Shire Council plays an important role in the guidance and organisation of public health initiatives. Fostering strong partnerships within Council and with external stakeholders is a key priority for addressing health and wellbeing within the municipality. Our MPHWP is included in this Council Plan and builds on the successes of the Liveability Plan 2013-17.

To create a MPHWP that addresses the unique health and wellbeing needs of our community we have:

- Undertaken an examination of health data and prepared the Alpine Health and Wellbeing Profile;
- Engaged with key partners in the local community to prioritise health and wellbeing issues for Alpine Shire; and
- Considered the evidence when developing goals and strategies to address health and wellbeing issues.

COUNCIL'S ROLE

As a local government, Alpine Shire Council is well placed to contribute to a healthier community by:

- Maintaining current knowledge on health status and health determinants.
- Leading by example and working together across the organisation to improve community health and wellbeing.
- Developing partnerships to facilitate public health planning processes at the local government level.
- Advocating to other levels of government, organisations and the community for support to make long terms changes to health and wellbeing.
- Promoting health and wellbeing messages.

- Creating an environment which supports the health of members of the local community.
- Developing and enforcing up-to-date public health standards and intervening if the health of people within the Shire is affected.
- Coordinating and providing immunisation services to children.

PARTNERS

Council aims to achieve a coordinated approach to improving community health and wellbeing by working together with our partners.

Our partners in the development, implementation and evaluation of the MPHWP are: Central Hume Primary Care Partnership; Alpine Primary Care Partnership; Alpine Health; Gateway Health; Women's Health Goulburn North East; Alpine Children's Services; and the Alpine Shire Community.

The MPHWP was developed by engaging with our partners to identify and align our health and wellbeing priorities for the community. Council maintains an open dialogue with our partners to locally determine ways to accomplish the goals and strategies identified in the MPHWP. The Alpine Primary Care Partnership will support the governance of the Municipal Public Health and Wellbeing Plan by taking an active role in implementing and monitoring the plan.

Strategic resource plan

The Strategic Resource Plan (SRP) details the financial and non-financial resources required over the Council Plan period to implement the strategic objectives detailed in the Council Plan. It is prepared in accordance with the requirements of the *Local Government Act 1989* (the Act) and includes a four year financial estimate based on the economic and financial information available at the time of its preparation.

The SRP is revised annually as a part of the Annual Budget process to account for variable financial conditions, with updates recorded in the Annual Report. In preparing the SRP, Council must take into account services and initiatives contained in any plan adopted or proposed to be adopted by Council.

As well as establishing a financial framework for the implementation of key strategies, the SRP assists with ensuring that council complies with sound financial management principles, as outlined in s136 of the Act, and formulates a basis by which Council's adherence to policies and strategies can be measured.

KEY ASSUMPTIONS AND STRATEGIES

There are a number of assumptions and strategies underlying the forecasts for income, expenditure, assets, liabilities, equity, cash, capital works expenditure and human resources included in the SRP. These assumptions have been derived from the following sources:

- Assessment of the current financial position;
- Scan of the external economic environment;
- Forecast changes in population and demographics;
- Advice from officers responsible for service and capital works planning and delivery; and
- Services and initiatives contained in plans adopted or proposed to be adopted by Council.

The key strategies underlying the preparation of this plan are as follows:

RATES STRATEGY

In developing the long-term financial plan, rates and charges are identified as an important source of Council revenue, accounting for approximately 60% of the total operating revenue forecast by Council in the 2019/20 Budget. Planning for future rate movement is therefore an important component of the long-term financial planning process.

The Victorian Government requires local government rates to be capped from 2016/17 onwards through the Fair Go Rates System. The cap for the 2019/20 year is set at 2.50%; and our Council rates have been increased by 2.50% for 2019/20 for the purpose of the SRP.

In the long term, it must be acknowledged that Council rate levels need to be assessed and maintained at levels appropriate to deliver the volume and quality of services required. Therefore the figures within the SRP are currently premised on rate increases in line with Melbourne CPI as forecast by the Victorian Department of Treasury and Finance for each year beyond 2018/19.

The rating differentials on which the SRP is predicated are as follows:

DESCRIPTION	% OF GENERAL RATE
Residential rate	100%
Farm rate	73%
Commercial/Industrial rate	143%
Dinner Plain special rate	43%

BORROWING STRATEGY

The Strategic Resource Plan provides for no new loan borrowings. This is in line with Council's strategy to manage our financial resources sustainably.

FEES AND CHARGES STRATEGY

Council reviews fees and charges annually to ensure the costs associated with services are in line with the level of service delivered. It is Council's intent to only charge for services that have a cost recovery benefit.

WAGES GROWTH

The Alpine Shire Council Enterprise Agreement 2016 applies a wage freeze until 30 June 2019 with wage increases equivalent to CPI or WPI-All Sectors (whichever is greater for the period June Quarter 2018 to June Quarter 2019) on 1 July 2019. The wages growth in the SRP takes this into account.

GRANTS AND OPERATING CAPITAL

It is assumed that Victorian Grants Commission funding increases in line with Melbourne CPI for the life of the Strategic Resource Plan and that operating grants are based on confirmed funding levels.

In addition, Council receives both recurrent and non-recurrent government funding for capital works projects. Capital works in the SRP that are predicated on unconfirmed capital grants will not proceed until the capital grant has been confirmed.

GOODS AND SERVICES COSTS

An allowance for increases in the cost of goods and services is based on Melbourne CPI.

FEES AND CHARGES (GENERAL)

Existing fees and charges are premised on an actual cost increase basis in line with the forecast for Melbourne CPI, or at a level set by regulation or as special circumstances warrant. The fees and charges schedule has been reviewed as part of the 2019/20 budget process.

FEES AND CHARGES (WASTE AND RECYCLING)

Movements in the level of domestic waste collection charges, recycling charges, and other charges take into consideration the real cost increases in providing the services.

INVESTMENT INTEREST

It is assumed that investment interest rates are 2.5% per annum during the four years of the SRP.

DEPRECIATION

Depreciation expense is based on annual asset revaluations being a function of current unit rates and rotating review of asset condition assessments over a three to five year cycle.

Review and evaluation

The Council Plan and integrated Municipal Public Health and Wellbeing Plan will be implemented by its linkages with the Strategic Resource Plan and resourced through the Annual Budget.

COUNCIL PLAN GOVERNANCE

The achievement of our Council Plan strategic objectives will be measured according to the strategic indicators outlined in this plan. A report will be prepared for State Government, Council and the community via the Annual Report between July and September. This will include the report of operations, financial statement and performance statement.

The Council will periodically have the opportunity to evaluate and assess whether targets and projects will be met according to their strategic indicators.

MPHWP GOVERNANCE

Council will be responsible for monitoring, evaluating and reporting on the achievements of the MPHWP. The Alpine Primary Care Partnership will be the forum for regular monitoring and reporting across partner agencies.

Responsibility for implementing MPHWP strategies to achieve our health and wellbeing goals runs across a number of agencies. Council's challenge will be to ensure that our health and wellbeing goals inform the strategic plans of partner agencies; and that the progress of implementation of strategies by the various agencies is monitored and reported annually to Council and the Department of Health.

Our MPHWP goals will be incorporated into the Council Plan reporting and monitoring processes.
